**PETITION OF SAGE TELECOM COMMUNICATIONS, LLC D/B/A TRUCONNECT
FOR DESIGNATION AS AN ELIGIBLE TELECOMMUNICATIONS CARRIER
IN THE STATE OF ARIZONA ON A WIRELESS BASIS (LOW INCOME ONLY)**

I. INTRODUCTION

Sage Telecom Communications, LLC dba TruConnect ("TruConnect" or the "Company"), by its undersigned counsel, and pursuant to Section 214(e)(2) of the Communications Act of 1934, as amended (the "Act")¹. Sections 54.101 through 54.207 of the Rules of the Federal Communications Commission ("FCC"),² and the rules and regulations of the Arizona Corporation Commission ("Commission"), hereby submits this Petition for Designation as an Eligible Telecommunications Carrier ("ETC") on a wireless basis in the State of Arizona. TruConnect seeks ETC designation solely to provide wireless Lifeline service to qualifying Arizona consumers; it will not seek access to funds from the federal Universal Service Fund ("USF") for the purpose of providing service to high cost areas.³ As demonstrated herein, and as certified in Exhibit 1 to this Petition, TruConnect meets all the statutory and regulatory

¹ 47 U.S.C. § 214(e)(2)

² 47 C.F.R. §§ 54.101-54.207.

³ Given that TruConnect only seeks support from the low-income program and does not seek any high-cost support, ETC certification requirements for the high-cost program are not applicable to the Company.

requirements for designation as an ETC in the State of Arizona, including the new requirements outlined in the FCC's *Lifeline and Link Up Reform Order*.⁴ Rapid grant of TruConnect's request, moreover, would advance the public interest because it would enable the Company to commence much needed Lifeline services to low-income Arizona residents as soon as possible. Accordingly, the Company respectfully requests that the Commission expeditiously approve this Petition for ETC designation.

All correspondence, communications, pleadings, notices, orders and decisions relating to this Petition should be addressed to:

II. UNIVERSAL SERVICE OFFERING

A. Company Overview

TruConnect is a Texas Limited Liability Company.⁵ Its principal office is located at 10440 N. Central Expressway, Suite 700, Dallas, Texas 75231. TruConnect is a subsidiary of TSC Acquisition Corporation (“TSC”). TruConnect was formerly known as Sage Telecom, Inc. before a corporate restructuring in 2012.

TruConnect will provide wireless telecommunications services to consumers by using the Sprint Spectrum L.P. (“Sprint”), Verizon Wireless (“Verizon”), and T-Mobile USA, Inc. (“T-Mobile”) networks to offer nationwide service. TruConnect obtains from Sprint, Verizon, and T-Mobile the network infrastructure and wireless transmission facilities to allow the Company to operate as a Mobile Virtual Network Operator (“MVNO”).

TruConnect, formerly Sage Telecom, Inc., has been in business since 1998 and is authorized to provide competitive local and/or interexchange services in Arkansas, California, Colorado, Connecticut, Florida, Illinois, Indiana, Kansas, Kentucky, Michigan, Mississippi, Missouri, Montana, Nevada, New Mexico, North Carolina, North Dakota, Ohio, Oklahoma, Oregon, South Carolina, South Dakota, Texas, Washington, Wisconsin, and Wyoming. TruConnect has been designated as a wireline ETC in Kansas, Oklahoma, Texas, and Wisconsin, and as a wireless ETC in California, Colorado, Indiana, Kansas, Kentucky, Louisiana, Maryland,

⁵ TruConnect was organized in the State of Texas on December 5, 2012. Sage Telecom, Inc. was incorporated in Texas as U.S. Telephone Holding, Inc. on July 18, 1996, officially changing its name to Sage Telecom, Inc. on July 22, 1998. An internal structural change transferred the assets of Sage Telecom, Inc. to Sage Telecom Communications, LLC in 2013. The Company’s brand name intended for use with Lifeline service is TruConnect.

Michigan, Minnesota, Missouri, Nebraska, Ohio, Pennsylvania, South Carolina, Texas, West Virginia, and Wisconsin. TruConnect currently has applications for wireless ETC designation pending with Arkansas, Georgia, Iowa, Nevada, and the FCC for designation in the federal default jurisdictions; no such petitions have been denied.

TruConnect's prepaid wireless services are affordable, easy-to-use, and attractive to low-income consumers, providing them with access to emergency services and a reliable means of communication that can be used both at home and while traveling to remain in touch with friends and family, as well as for contacting prospective employers. TruConnect offers consumers a variety of simple and affordable calling plans, a variety of ancillary services and top-up options, easy-to-use handsets, and high-quality customer service. Given its pricing and marketing strategy and the demographics of other, similar MVNOs' customers, TruConnect anticipates that many of its customers will be from low-income backgrounds and will not previously have enjoyed access to wireless service because of economic constraints, poor credit history, or sporadic employment. TruConnect does not conduct credit checks or require customers to enter into long-term service contracts as a prerequisite to obtaining wireless service.

By providing affordable wireless plans and quality customer service to consumers who are otherwise unable to afford them, or were previously ignored by traditional carriers, TruConnect will expand the availability of wireless services to many more consumers, which is the principal reason that Congress created the universal service program.

B. Proposed Lifeline Offering

TruConnect has the ability to provide all services and functionalities supported by the universal service program, as detailed in Section 54.101(a) of the FCC's Rules (47 C.F.R. § 54.101(a)) throughout Arizona. The Company will provide Lifeline services to qualifying customers requesting this service throughout Arizona pursuant to the universal service program

and in accordance with 47 C.F.R. § 54.202(a)(1). TruConnect intends to offer consumers exceptional value and competitive amounts of voice usage at all price points.

The Company's Lifeline service offering will provide customers with the same features and functionalities enjoyed by all other TruConnect prepaid customers, with one notable exception: TruConnect Lifeline customers will receive a discount on TruConnect's wireless plans. TruConnect's Lifeline offering proposes to give eligible Lifeline customers a variety of wireless plan options. TruConnect will apply the Lifeline credit to its wireless plans as outlined in Exhibit 2. Exhibit 2 is a summary table of the Company's proposed Lifeline service offerings. All TruConnect Lifeline customers will also receive a free handset as well as voicemail, caller I.D., call waiting, call forwarding, and 3-way calling features at no additional charge. Lifeline customers have the option of bringing their own handset for use with TruConnect's Lifeline-supported service, provided the handset is compatible with TruConnect's network. Lifeline customers may also purchase an enhanced handset at an affordable price in order to access TruConnect's ancillary data features. Customers may use their minutes to place domestic long distance calls at no additional charge. Calls to 911 emergency services and TruConnect customer service via 611 are always free, regardless of service activation or availability of minutes. No activation fee will apply to Lifeline customers in Arizona. As Exhibit 2 demonstrates, the Company's Lifeline offerings will not only allow feature-rich mobile connectivity for qualifying subscribers, but also will bring a variety of rate plans into the reach of eligible customers at low Lifeline rates and without the burden of credit checks or service contracts. TruConnect's prepaid offering will be an attractive alternative for consumers who need the mobility, security, and convenience of a wireless phone, but who are concerned about usage charges or long-term contracts.

C. Plan Enrollment

Customers interested in obtaining information on the Lifeline program will be directed to a toll-free telephone number and to the Company's website, which will contain information regarding the Company's Lifeline service plans, including a detailed description of the programs and state-specific eligibility criteria. Customers may then request that an enrollment form be mailed to them, or they can download a form from the internet. The certification form, a sample of which is attached hereto as Exhibit 3, will explain in clear, easily understandable language that:

- (i) Lifeline is a federal benefit;
- (ii) Lifeline service is available for only one line per household;
- (iii) a household is defined, for purposes of the Lifeline program, as any individual or group of individuals who live together at the same address and share income and expenses;
- (iv) households are not permitted to receive benefits from multiple providers;
- (v) that violation of the one-per-household requirement would constitute a violation of the FCC's rules and would result in the consumer's de-enrollment from the program, and potentially, prosecution by the United States government; and
- (vi) a Lifeline subscriber may not transfer his or her service to any other individual, including another eligible low-income consumer.

The Company's certification form will also require all consumers, at sign up and annually thereafter, to provide the information and certifications, under penalty of perjury, required by revised CFR § 54.410(d).⁶ See Exhibit 4 for more detailed enrollment information. TruConnect will annually re-certify the continued eligibility of all of its subscribers.

TruConnect's primary enrollment will be temporary tents or structures at temporary locations as well as its own retail space and working with other retail outlets across the state as part of its overall business plan for marketing the Lifeline program to eligible customers in the state of Arizona. TruConnect will also utilize its website and marketing materials that direct

⁶ See *Lifeline and Link Up Reform Order* page 227-29.

interested consumers to its toll-free customer service line for information about the Lifeline program and instructions on how to enroll if eligible.

Temporary locations will be used to facilitate neighborhood outreach events and promote the Lifeline program in the communities the Lifeline program is designed to benefit. These temporary locations will be set up to process enrollment in the Lifeline program and will be managed by the Company's Sales Operations team. These temporary locations will allow prospective Lifeline subscribers to enroll and apply for the Lifeline program electronically.

TruConnect will utilize an electronic enrollment application through third party consultant CGM, LLC ("CGM"), that performs a real time dip into the Universal Service Administrative Company's ("USAC") National Lifeline Accountability Database ("NLAD") to check for duplicate subscribers and complete a third party ID validation in advance of enrollment. Upon completion of the application process, a pending record is created in the NLAD and upon a confirmed approval of an applicant's enrollment application, the NLAD is updated with the new subscribers account information. Further, all applications will be reviewed, verified and approved by TruConnect's in-house Lifeline Compliance personnel, specially trained in the Lifeline rules and eligibility requirements.

All temporary locations are required to meet minimum acceptable standards set by the Company for the identification and presentation of the Company's outdoor and temporary marketing locations, as follows:

- (i) Each outdoor and/or temporary location shall have at least two banners identifying "TruConnect" as the provider of the Lifeline supported service being offered;
- (ii) Such banners are at least 3 foot by 5 foot in size, and if not provided directly from the Company, shall meet TruConnect's minimum requirements for visibility and content;

(iii) Any sales agent participating in the enrollment of potential Lifeline subscribers must wear a shirt and/or name badge with the name of the Company permanently affixed to the shirt and/or name badge;

(iv) Any and all outdoor or temporary marketing must be done in a manner that does not create a traffic hazard or distraction; and

(v) Outdoor and/or temporary marketing may only be done from a tent of at least 10 foot x 10 foot in size or from an enclosed trailer or panel truck that has the company name permanently affixed on the truck or trailer.

The equipment used to in-take prospective subscriber applications may be either company-owned or agent-owned. All enrollment applications are completed through laptops or tablets, which may be owned by sales agents or leased from TruConnect; however, all applications and eligibility documents are entered into the TruConnect's system via the enrollment tool provided through CGM, which is entirely internet based and which bypasses the equipment's internal memory (i.e., no customer information is stored on any laptop or tablet). The enrollment tool requires secured access through individual logins, assigned to each agent by TruConnect upon completion of training. If an agent is terminated for any reason, the agent's login is immediately shut down and any further access to customer information is prevented. TruConnect's in-house approvals of subscriber applications are completed using company-owned equipment exclusively, and are also processed through the internet based application tool. Secure login credentials are required for both internal employees as well as for sales agents.

D. Prevention of Waste, Fraud and Abuse

TruConnect recognizes the importance of safeguarding the USF. The Company will utilize the USAC's NLAD in Arizona to add, enroll, edit, and de-enroll subscribers in its Lifeline program. As mentioned, TruConnect has contracted with CGM, a Georgia-based Lifeline service bureau, to validate enrollment. TruConnect ensures that it will not over-request from support funds.

E. The Commission Has Jurisdiction to Designate Wireless ETCs.

Section 214(e)(2) of the Act provides state public utility commissions with the “primary responsibility” for the designation of ETCs.⁷ Under the Act, a state public utility commission with jurisdictional authority over ETC designations must designate a common carrier as an ETC if the carrier satisfies the requirements of section 214(e)(1). Therefore, the Commission has the authority to designate TruConnect as an ETC. Pursuant to this authority, the Commission has historically participated in determining whether to grant ETC status to an applying carrier, including any requesting wireless carrier. TruConnect recognizes that Section 214(e)(1)(A) of the Act states that ETCs shall offer services, at least in part, over their own facilities and that Section 54.201(i) of the FCC’s Rules (47 C.F.R. § 54.201(i)) prohibits state commissions from designating as an ETC a telecommunications carrier that offers services exclusively through the resale of another carrier’s services. However, the FCC recently granted forbearance from enforcement of this facilities requirement to carriers seeking Lifeline-only ETC designation.⁸ Section 10(e) of the Act (47 U.S.C. § 160(e)) provides: “[a] State commission may not continue to apply or enforce any provision of this chapter that the [Federal Communications] Commission has determined to forbear from applying under subsection (a) of this section.” As such, the Commission is required by Section 10(e) to act in accordance with the FCC’s grant of forbearance, and therefore may not apply the facilities-based requirement to TruConnect. Therefore, the Commission has the authority under Section 214(e)(2) of the Act to grant TruConnect’s request for designation as an ETC throughout the State of Arizona.

⁷ 47 U.S.C. § 214(e)(2).

⁸ See *Lifeline and Link Up Reform Order* at ¶ 368.

III. TRUCONNECT SATISFIES THE REQUIREMENTS FOR DESIGNATION AS AN ETC

Section 254(e) of the Act provides that “only an eligible telecommunications carrier designated under section 214(e) shall be eligible to receive specific federal universal service support.” Section 214(e)(2) of the Act authorizes state commissions, such as the Commission, to designate ETC status for federal universal service purposes and authorizes the Commission to designate wireless ETCs.⁹ Section 214(e)(1) of the Act and Section 54.201(d) of the FCC’s rules provide that applicants for ETC designation must be common carriers that will offer all of the services supported by universal service, either using their own facilities or a combination of their own facilities and the resale of another carrier’s services, except where the FCC has forbore from the “own facilities” requirement. Applicants also must commit to advertise the availability and rates of such services.¹⁰ As detailed below, TruConnect satisfies each of the above-listed requirements.

A. TruConnect Will Provide Service Consistent with the FCC’s Grant of Forbearance from Section 214’s Facilities Requirements

Although Section 214 requires ETCs to provide services using their facilities, at least in part, the FCC has forbore from that requirement with respect to carriers such as TruConnect. In the *Lifeline and Link Up Reform Order*, the FCC granted forbearance from the “own-facilities” requirement contained in Section 214(e)(1)(A) for carriers that are, or seek to become, Lifeline-only ETCs, subject to the following conditions:¹¹

(1) the carrier must comply with certain 911 requirements [(a) providing its Lifeline subscribers with 911 and E911 access, regardless of activation status and availability of minutes; (b) providing its Lifeline subscribers with E911-compliant handsets and replacing,

⁹ See *Federal-State Joint Board on Universal Service, First Report and Order*, 12 FCC Rcd 8776, 8858-59, ¶ 145 (1997) (“USF Order”).

¹⁰ See 47 U.S.C. § 214(e)(1) and 47 C.F.R. § 54.201(d)(2).

¹¹ See *Lifeline and Link Up Reform Order* at ¶¶ 368, 373 and 379.

at no additional charge to the subscriber, noncompliant handsets of Lifeline-eligible subscribers who obtain Lifeline-supported services; and (c) complying with conditions (a) and (b) starting on the effective date of this Order]; and

(2) the carrier must file, and the Bureau must approve, a compliance plan providing specific information regarding the carrier's service offerings and outlining the measures the carrier will take to implement the obligations contained in this Order as well as further safeguards against waste, fraud and abuse the Bureau may deem necessary."

TruConnect will avail itself of the FCC's grant of blanket forbearance. In accordance with the *Lifeline and Link Up Reform Order*, TruConnect filed its Compliance Plan which the FCC approved on December 26, 2012. A copy of its FCC-approved Compliance Plan is attached hereto as Exhibit 4. TruConnect commits to providing Lifeline service in Arizona in accordance with its Compliance Plan.

B. TruConnect Is a Common Carrier

CMRS providers like TruConnect are treated as common carriers.¹²

C. TruConnect Will Provide All Required Services and Functionalities

Through its arrangements with Sprint, Verizon, and T-Mobile, TruConnect is able to provide all of the services and functionalities required by Section 54.101(a) and Section 54.202(a) of the FCC's Rules (47 C.F.R. §§ 54.101(a) and 47 C.F.R. § 54.202(a)) including the following:

1. Voice Grade Access to the Public Switched Telephone Network

TruConnect provides voice grade access to the public switched telephone network ("PSTN") through the purchase of wholesale CMRS services from Sprint, Verizon, and T-

¹² *Implementation of Sections 3(n) and 332 of the Communications Act, Regulatory Treatment of Mobile Services*, GN Docket No. 93-252, Second Report and Order, 9 FCC Rcd 1411, 1425 ¶ 37, 1454-55 ¶ 102 (1994) (wireless resellers are included in the statutory "mobile services" category, and providers of cellular service are common carriers and CMRS providers); 47 U.S.C. § 332(c)(1)(A) ("mobile services" providers are common carriers); see also *PCIA Petition for Forbearance for Broadband PCS*, WT Docket No. 98-100, Memorandum Opinion and Order and Notice of Proposed Rulemaking, 13 FCC Rcd 16857, 16911 ¶ 111 (1998) ("We concluded [in the *Second Report and Order*] that CMRS also includes the following common carrier services: cellular service, ... all mobile telephone services and resellers of such services.").

Mobile.

2. Minutes of Use for Local Service

As part of the voice grade access to the PSTN, an ETC must provide minutes of use for local service at no additional charge to end-users. The FCC has not specified a minimum amount of local usage that an ETC must offer.¹³ TruConnect offers a variety of rate plans that provide its customers with minutes of use for local service at no additional charge.

3. Access to Emergency Services

TruConnect provides 911 and E911 access for all of its customers to the extent the local government in its service area has implemented 911 or E911 systems. TruConnect also complies with the FCC's regulations governing the deployment and availability of E911 compatible handsets.

4. Toll Limitation for Qualified Low-Income Customers

In its *Lifeline and Link Up Reform Order*, the FCC stated that toll limitation would no longer be deemed a supported service.¹⁴ "ETCs are not required to offer toll limitation service to low-income consumers if the Lifeline offering provides a set amount of minutes that do not distinguish between toll and non-toll calls."¹⁵ Nonetheless, TruConnect's offerings inherently allow Lifeline subscribers to control their usage, as its wireless service is offered on a prepaid, or pay-as-you-go, basis. TruConnect's service, moreover, is not offered on a distance-sensitive basis and local and domestic long distance minutes are treated the same. TruConnect will not seek reimbursement for toll limitation service.

¹³ See e.g., *In the Matter of Federal-State Joint Board on Universal Service*, Recommended Decision 15 FCC Rcd 7331 (2002).

¹⁴ See *Lifeline and Link Up Reform Order* at ¶ 367.

¹⁵ See *Lifeline and Link Up Reform Order* at ¶ 49.

5. Other Services

While no longer required by FCC rules, TruConnect provides dual tone multi-frequency (“DTMF”) signaling to expedite the transmission of call set up and call detail information throughout the network, single party service for the duration of each telephone call and not multi-party (or “party-line”) services, access to operator services, the ability to make interexchange, or long distance, telephone calls.

D. TruConnect Will Advertise the Availability of Supported Services

TruConnect will broadly advertise the availability and rates for the services described above using media of general distribution as required by 47 C.F.R § 54.201(d)(2). TruConnect’s advertising will comply with the requirements set forth in the *Lifeline and Link Up Reform Order*, as outlined in the Company’s Compliance Plan.¹⁶ The Company will advertise its services in a manner reasonably designed to reach those likely to qualify for Lifeline service, using mediums for outreach such as print advertisements, direct marketing, and over the Internet. The Company will engage in advertising campaigns specifically targeted to reach those likely to qualify for Lifeline service, promoting the availability of cost-effective wireless services to this neglected consumer segment. TruConnect may also promote the availability of its Lifeline offering by distributing brochures at various state and local social service agencies, and may partner with nonprofit assistance organizations in order to inform customers of the availability of its Lifeline service.

In addition, TruConnect will utilize its network of retail partners to help promote the availability of its Lifeline plans, especially those retail outlets that are frequented by low income consumers. TruConnect will provide retail vendors with signage to be displayed where Company

¹⁶ See Exhibit 4. See also *Lifeline and Link Up Reform Order* at Section VII.F.

products are sold, and with printed materials describing the Company's Lifeline program.¹⁷ The Company expects to be able to inform consumers of the availability of Lifeline service in a manner that will result in higher participation by qualified consumers than has been the case in the past.

E. TruConnect Requests Designation Throughout Its Service Area in Arizona

TruConnect is not a rural telephone company as defined in Section 153(37) of the Act (47 U.S.C. § 153(37)). Accordingly, TruConnect is required to describe the geographic area(s) within which it requests designation as an ETC. TruConnect requests ETC designation statewide in all exchanges, including Federally-Recognized Tribal Lands, to the extent that its underlying carriers have facilities and coverage.¹⁸ TruConnect understands that its service area overlaps with rural carriers in Arizona, but maintains that the public interest factors described below justify its designation in these carriers' service areas, especially because it seeks ETC designation solely to utilize USF funding to provide Lifeline service to qualified low-income consumers. It does not seek and will not accept high cost support. Therefore, its designation as an ETC will cause no growth in the high cost portions of the USF and will not erode high cost support from any rural telephone company. In fact, the FCC has determined that "[d]esignation of competitive ETCs promotes competition and benefits consumers in rural and high-cost areas by increasing customer choice, innovative services, and new technologies."¹⁹ The Commission may designate TruConnect as an ETC in non-rural areas that TruConnect serves without redefining the service areas of non-rural telephone companies. The Commission may designate TruConnect as an ETC in rural telephone company service areas upon a finding that such

¹⁷ See attached Exhibit 5 for a sample advertisement.

¹⁸ See Exhibit 6 for a description of the Company's coverage area.

¹⁹ See *Western Wireless Corporation Petition for Designation as an Eligible Telecommunications Carrier in the State of Wyoming*, Memorandum Opinion and Order, 16 FCC Rcd 48, 55 (2000).

designation would serve the public interest.²⁰

F. Service Commitment Throughout the Proposed Designated Service Area

TruConnect provides service in Arizona by reselling service which it obtains from its underlying facilities-based providers. The providers' networks are operational and largely built out. Thus, TruConnect will be able to commence offering its Lifeline service to all locations served by its underlying carriers very soon after receiving approval from the Commission. TruConnect commits to comply with the service requirements applicable to the support that it receives.²¹

G. Five-Year Network Improvement Plan

As set forth in the *Lifeline and Link Up Reform Order*, a common carrier seeking designation as a Lifeline-only ETC is not required to submit a five-year network improvement plan as part of its application for designation as an ETC.²²

H. Ability to Remain Functional in Emergency Situations

In accordance with 47 CFR §54.202(a)(2), TruConnect has the ability to remain functional in emergency situations. Through its agreements with its underlying carriers, TruConnect provides to its customers the same ability to remain functional in emergency situations as currently provided by the ILECs to their own customers, including access to a reasonable amount of back-up power to ensure functionality without an external power source, the ability to reroute traffic around damaged facilities, and the capability of managing traffic spikes resulting from emergency situations.

²⁰ See 47 C.F.R. § 54.207(c).

²¹ See *Lifeline and Link Up Reform Order* at page 208, revised § 54.202(a)(1)(i).

²² See *Lifeline and Link Up Reform Order* at ¶ 386.

I. Commitment to Consumer Protection and Service Quality

Under FCC guidelines, an ETC applicant must demonstrate that it will satisfy applicable consumer protection and service quality standards.²³ The Company commits to satisfying all such applicable state and federal requirements related to consumer protection and service quality standards. Specifically, TruConnect commits to comply with the Cellular Telecommunications and Internet Association's (CTIA) Consumer Code for Wireless Service.

J. Local Usage Requirement

An applicant for ETC designation is no longer required to demonstrate that it offers a local usage plan that is "comparable" to the plan offered by the ILEC in the relevant service territory.²⁴ Nevertheless, not only will the Company's offering be comparable to the underlying ILEC plans, but it also will exceed them in several respects. TruConnect will offer customers a certain amount of service free of charge. In contrast to the ILEC plans, which contain relatively small local calling areas, TruConnect customers can use these free minutes to place calls statewide (and even nationwide) because TruConnect does not constrict customers' use by imposing a local calling area requirement. TruConnect will also provide Lifeline customers with E911 capabilities and access to voice mail, caller I.D., and call waiting services at no cost. The very nature of the wireless phone, i.e. mobility, has a tremendous benefit to many consumers, a benefit to which a monetary value cannot be easily assigned.

²³ See 47 C.F.R. § 54.202(a)(3).

²⁴ See *Lifeline and Link Up Reform Order* at page 208, revised § 54.202(a).

K. Equal Access Requirement

The FCC's Rules no longer require an applicant for ETC status to provide a certification that it acknowledges that the FCC may require it to provide equal access to long distance carriers in the event that no other ETC is providing equal access within the service area.²⁵

L. TruConnect is Financially and Technically Capable

TruConnect is financially and technically capable of providing Lifeline-supported services.²⁶ TruConnect has been in business since 1998 and provides service to both Lifeline and non-Lifeline customers. TruConnect is authorized to provide competitive local and/or interexchange services in Arkansas, California, Colorado, Connecticut, Florida, Illinois, Indiana, Kansas, Kentucky, Michigan, Mississippi, Missouri, Montana, Nevada, New Mexico, North Carolina, North Dakota, Ohio, Oklahoma, Oregon, South Carolina, South Dakota, Texas, Washington, Wisconsin, and Wyoming. TruConnect has been designated as a wireline ETC in Kansas, Oklahoma, Texas, and Wisconsin, and a wireless ETC in California, Colorado, Indiana, Kansas, Kentucky, Louisiana, Maryland, Michigan, Minnesota, Missouri, Nebraska, Ohio, Pennsylvania, South Carolina, Texas, West Virginia, and Wisconsin. Less than 20% of TruConnect's customers receive a subsidy from a low-income program; the Company does not offer exclusively Lifeline-supported service and is therefore not exclusively dependent on USAC for its revenue. TruConnect has not been subject to enforcement action or ETC revocation proceedings in any state. The result of TruConnect's efforts is that it is a profitable company fully capable of honoring all its service obligations to customers and regulatory obligations to state and federal regulators. Furthermore, the senior management of TruConnect has great depth in the telecommunications industry and offers extensive telecommunications business technical

²⁵ See *id.*

²⁶ See *Lifeline and Link Up Reform Order* at ¶ 387.

and managerial expertise to the Company. TruConnect will be providing resold wireless service, and therefore will also rely upon the managerial and technical expertise of its underlying carriers.

M. TruConnect Will Comply with Certification and Verification Requirements

Section 54.410 of the FCC's Rules requires ETCs to certify and verify a Lifeline customer's initial and continued eligibility. TruConnect will certify and verify consumer eligibility in accordance with the FCC's requirements, with applicable Commission rules, and in accordance with its Compliance Plan, which outlines how the Company will comply with the requirements set forth in the *Lifeline and Link Up Reform Order*.

N. TruConnect Will Comply With All Regulations Imposed By The Commission

By this Petition, TruConnect hereby asserts its willingness and ability to comply with all the rules and regulations that the Commission may lawfully impose upon the Company's provision of service contemplated by this Petition. The Company will comply with all requirements for expanded eligibility criteria, certification, verification and recordkeeping requirements in ACC Decision No. 67941. TruConnect will make the necessary payments on behalf of its Arizona customers to the federal USF and to the Arizona USF, as required in A.A.C. R14-2-1204(A) and (B). Upon Commission request, TruConnect is prepared to answer questions or present additional testimony or other evidence about its services within the state.

IV. DESIGNATION OF TRUCONNECT AS AN ETC WOULD PROMOTE THE PUBLIC INTEREST

One of the principal goals of the Act, as amended by the Telecommunications Act of 1996, is "to secure lower prices and higher quality services for American telecommunications consumers and encourage the rapid deployment of new telecommunications technologies" to all citizens, regardless of geographic location or income.²⁷ There is no question that designation of

²⁷ *Telecommunications Act of 1996*, Pub. L. No. 104-104, 110 Stat. 56.

TruConnect as an ETC in Arizona will further the public interest by providing Arizona consumers, especially low-income consumers, with lower prices and higher quality services. Many low-income customers in Arizona have yet to reap the full benefits of the intensely competitive wireless market. Whether because of financial constraints, poor credit history or intermittent employment, these consumers often lack the countless choices available to most consumers.

The instant request for ETC designation must be examined in light of the Act's goal of providing low-income consumers with access to telecommunications services. The primary purpose of universal service is to ensure that consumers—particularly low-income consumers—receive affordable and comparable telecommunications services. Given this context, designating TruConnect as an ETC would significantly benefit low-income consumers eligible for Lifeline services in the State of Arizona—the intended beneficiaries of universal service.

A. Advantages of TruConnect's Service Offerings

The public interest benefits of the Company's wireless service include larger local calling areas (as compared to traditional wireline carriers), the convenience and security afforded by mobile telephone service, the opportunity for customers to control cost by receiving a preset amount of monthly airtime at no charge, the ability to purchase additional usage at flexible and affordable amounts in the event that included usage has been exhausted, 911 service and, where available, E911 service in accordance with current FCC requirements. The Company's Lifeline customers will receive the same high-quality wireless services and exceptional customer service provided to all Company customers. TruConnect's Lifeline rate plans will not only allow feature-rich mobile connectivity for qualifying subscribers at no cost to the subscriber, but also will bring a variety of rate plans into the reach of Lifeline customers that are comparable in

minutes and features to those available to post-paid wireless subscribers – but at low Lifeline rates and without the burden of credit checks or contracts.

TruConnect's Lifeline program will provide low-income Arizona residents with the convenience and security offered by wireless services—even if their financial position deteriorates. The economic circumstances indicate that low-income individuals, now more than ever, can greatly benefit from the advantages offered by the Company's Lifeline service, thus allowing those adversely impacted by the failing economy or job loss to have access to a free wireless service to assist in emergency situations, facilitate job search efforts, and to maintain contact with family members.

It is also a commonly accepted fact that in today's market all consumers, including qualified Lifeline customers, view the portability and convenience of wireless service not as a luxury, but as a necessity. Mobile service allows children to reach their parents, wherever they may be, allows a person seeking employment the ability to be contacted by potential employers, and provides end users with the ability to contact emergency service providers, regardless of location. Providing TruConnect with the authority necessary to offer discounted Lifeline services to those most in danger of losing wireless service altogether undoubtedly promotes the public interest.

Moreover, grant of TruConnect's Petition will serve the public interest in increasing the number of ETCs in Arizona. By granting ETC status to TruConnect, the Commission will enable TruConnect to increase the number of Arizona residents receiving Lifeline support, thereby increasing the amount of USF money flowing into Arizona. In sum, ETC designation in the State of Arizona would enable TruConnect to provide all of the public benefits cited by the FCC in its analysis in the *Virgin Mobile Order*. Namely, TruConnect would provide "increased consumer

choice, high-quality service offerings, and mobility,”²⁸ as well as the safety and security of effective 911 and E911 services.²⁹

B. The Benefits of Competitive Choice

The benefits to consumers of being able to choose from among a variety of telecommunications service providers have been acknowledged by the FCC for more than three decades.³⁰ Designation of TruConnect as an ETC will promote competition and innovation, and spur other carriers to target low-income consumers with service offerings tailored to their needs and to improve their existing networks to remain competitive, resulting in improved services to consumers. Designation of TruConnect as an ETC will help assure that quality services are available at “just, reasonable, and affordable rates” as envisioned in the Act.³¹ Introducing TruConnect into the market as an additional wireless ETC provider will afford low income Arizona residents a wider choice of providers and available services while creating a competitive marketplace as ETCs compete for a finite number of Lifeline-eligible customers. Increasing the competitive marketplace of providers has the potential to effectively increase the penetration rate and reduce the number of individuals not connected to the PSTN.

C. Impact on the Universal Service Fund

With Lifeline, ETCs only receive support for customers they obtain. The amount of support available to an eligible subscriber is exactly the same whether the support is given through a company such as TruConnect or the Incumbent LEC operating in the same service area. TruConnect will only increase the amount of USF Lifeline funding in situations where it obtains Lifeline customers not enrolled in another ETC’s Lifeline program. By implementing

²⁸ See *Virgin Mobile Order*, 24 FCC Rcd at 3395 ¶ 38.

²⁹ See *Id.* at 3391 ¶ 23.

³⁰ See, e.g., *Specialized Common Carrier Services*, 29 FCC Rcd 870 (1971).

³¹ See 47 U.S.C. § 254(b)(1).

the safeguards set forth in the *Lifeline and Link-Up Reform Order*, TruConnect will minimize the likelihood that its customers are not eligible or are receiving duplicative support either individually or within their household. Significantly, the Company's designation as an ETC will not increase the number of persons eligible for Lifeline support. TruConnect's ability to increase the Lifeline participation rate of qualified low-income individuals will further the goal of Congress to provide all individuals with affordable access to telecommunications service, and thus any incremental increases in Lifeline expenditures are far outweighed by the significant public interest benefits of expanding the availability of affordable wireless services to low-income consumers. According to the FCC, "the additional choice and service options of another wireless reseller offering a service for low-income consumers represents a significant benefit for consumers and is in the public interest," and "A new entrant should incent existing wireless reseller ETCs to offer better service and terms to their customers, which provides additional evidence that forbearance in the context of the Lifeline program outweighs the potential costs."³²

V. ANTI-DRUG ABUSE CERTIFICATION

TruConnect certifies that no party to this Petition is subject to denial of federal benefits, including FCC benefits, pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988.

³² See *Petition of i-wireless, LLC for Forbearance from 47 U.S.C § 214(e)(1)(A)*, Order, FCC 10-117 (rel. June 25, 2010) at ¶ 19.

VI. CONCLUSION

Based on the foregoing, designation of TruConnect as an ETC in the State of Arizona accords with the requirements of Section 214(e)(2) of the Act and is in the public interest.

WHEREFORE, TruConnect respectfully requests that the Commission promptly designate TruConnect as an ETC in the State of Arizona.

Respectfully submitted,

EXHIBIT 2

Proposed Lifeline Offering

Non-Tribal:

Plan	Minutes	Text	Data (MB)	Retail Price	Lifeline Discount	Company Credit	Net Cost to Lifeline Customer
Basic Lifeline Plan	300	1:1 (1 text = 1 minute)	N/A	\$10.00	-\$9.25	-\$0.75	\$0.00
Bundled Plan 1	Unlimited	Unlimited	100MB	\$25.00	- \$9.25	-\$0.75	\$15.00
Bundled Plan 2	Unlimited	Unlimited	500MB	\$35.00	- \$9.25	-\$0.75	\$25.00
Bundled Plan 3	Unlimited	Unlimited	2.0 GB	\$45.00	- \$9.25	-\$0.75	\$35.00
Bundled Plan 4	Unlimited	Unlimited	4.0 GB	\$55.00	- \$9.25	-\$0.75	\$45.00

Tribal:

Plan	Minutes	Text	Data (MB)	Retail Price	Lifeline Discount	Tribal Lifeline Discount	Company Credit	Net Cost to Tribal Lifeline Customer
Bundled Plan 2	Unlimited	Unlimited	500MB	\$35.00	- \$9.25	-\$25.00	-\$0.75	\$0.00
Bundled Plan 3	Unlimited	Unlimited	2.0 GB	\$45.00	- \$9.25	-\$25.00	-\$0.75	\$10.00
Bundled Plan 4	Unlimited	Unlimited	4.0 GB	\$55.00	- \$9.25	-\$25.00	-\$0.75	\$20.00

Top Up Options*			
Price	Domestic Minutes**	Int'l Minutes**	Data**
\$10.00	300	100	300 MB
\$25.00	1,000	500	1.0 GB
\$45.00	2,000	1,000	2.0 GB

* All Top Up options are "Forever Services", meaning they do not expire as long as the subscriber remains active. If a Lifeline subscriber purchases additional "Forever" minutes and does not use them all before their monthly Lifeline minutes are replenished, the purchased "Forever" minutes remain in their account, and the Lifeline minutes are used first. Once all monthly Lifeline minutes are used, the remaining available "Forever" minutes will be used.

** Top Up options are "either/or", meaning for example, for the top up price of \$10.00, customers can purchase either 300 Domestic "Forever" minutes, or 100 International "Forever" minutes, or 300 MB of "Forever" data.

All Plans include the following:

- Free phone
- Free calls to 911 emergency services
- Free calls to Customer Service via 611
- Free access to Voicemail, Caller-ID, Call Waiting, Call Forwarding, and 3-Way Calling features (decrements available minutes of use at the standard rate)
- Free Domestic Long Distance (decrements available minutes of use at the standard rate)
- Free Directory Assistance (decrements available minutes of use at the standard rate)

Additional Airtime:

Additional airtime is available by purchasing Top Ups as listed above. The Lifeline discount is not able to be applied to any Top Up purchase options.

EXHIBIT 3

Sample Customer Enrollment Form

Lifeline Information

- Lifeline is a federal benefit and willfully making false statements to obtain the benefit can result in fines, imprisonment, de-enrollment or being barred from the program.
- Only one Lifeline benefit is available per household.
- A household is defined, for purposes of the Lifeline program, as any individual or group of individuals who live together at the same address and share income and expenses.
- A household is not permitted to receive Lifeline benefits from multiple providers.
- To keep your wireless Lifeline benefit, on service you receive for free, you must use your phone at least once every 60 days. Usage includes making an outbound call or answering an incoming call. Usage can also include the purchase of additional minutes. If there is no usage on your account for 60 days you will be de-enrolled from the program.
- Lifeline is a non-transferable benefit and the subscriber may not transfer his or her benefit to any other person.

Lifeline Form Instructions

1. Complete the Subscriber Information section. You must provide the last four digits of your Social Security Number and Date of Birth to participate in the Lifeline Program.

2. Indicate how you are eligible for Lifeline. Select whether you participate in a federal assistance program **OR** your household income is at or below the state mandated percentage of the Federal Poverty guidelines.

All subscribers are required to provide documentation demonstrating participation in a qualifying assistance program or proof of annual household income to participate in the Lifeline Program.

3. Tribal Land Eligibility. If you live on Tribal Lands and participate in certain Tribal Land programs, you could also qualify for additional Lifeline support. Select the Tribal Lands program in which you participate.

4. Certify Your Eligibility. You must certify all statements, under penalty of perjury, to receive the Lifeline benefit.

5. Sign Lifeline Form. As the Sage account-holder, you must print and sign your name on the Lifeline form indicating that you understand and will comply with the rules for participation in the Lifeline Program.

LIFELINE CERTIFICATION FORM

truconnect

1. Subscriber Information

Name of Subscriber/Account Holder: _____

Date of Birth: _____ Last Four Digits of SSN: _____
(MM/DD/YYYY)

Service Address: _____
(May NOT be PO BOX)

☐ Check this box if the above address is a Temporary Address.

Billing Address, if different from Service Address: _____

2. Lifeline Program Eligibility

I certify that am eligible for participation in the Lifeline Program. I, or someone in my household, participate in at least one of the assistance programs below. I am providing a copy of my benefit card or benefit award letter as proof of eligibility.

- | | |
|---|---|
| <input type="checkbox"/> Medicaid (not Medicare) | <input type="checkbox"/> Supplemental Security Income (not Social Security) |
| <input type="checkbox"/> Low-Income Home Energy Assistance Program (LIHEAP) | <input type="checkbox"/> General Assistance |
| <input type="checkbox"/> National School Lunch Program (Free Lunch Program) | <input type="checkbox"/> Federal Public Housing (Section 8) |
| <input type="checkbox"/> SNAP (Food Stamps) | <input type="checkbox"/> Temporary Assistance for Needy Families (TANF) |

If you are not the program beneficiary, but someone in your household is, provide the name of the beneficiary and their relationship to the applicant.

Name: _____ Relationship: _____

I certify that I am eligible for Lifeline because my annual household income is at or below 135% of the federal poverty level guidelines. I am providing a copy of documentation demonstrating my annual household income.

The number of individuals in my residential household is: _____.

3. Enhanced Lifeline for Residents of Tribal Lands

My Tribal ID Number: _____ My principal residence is on Tribal Lands and I, or someone in my household, participate one of the following programs and will provide supporting documentation.

- | | |
|---|---|
| <input type="checkbox"/> Medicaid (not Medicare) | <input type="checkbox"/> Supplemental Security Income (not Social Security) |
| <input type="checkbox"/> Low-Income Home Energy Assistance Program (LIHEAP) | <input type="checkbox"/> General Assistance |
| <input type="checkbox"/> National School Lunch Program (Free Lunch Program) | <input type="checkbox"/> Federal Public Housing (Section 8) |
| <input type="checkbox"/> SNAP (Food Stamps) | <input type="checkbox"/> Temporary Assistance for Needy Families (TANF) |
| <input type="checkbox"/> Bureau of Indian Affairs General Assistance | <input type="checkbox"/> Food Distribution Program on Indian Reservations |
| <input type="checkbox"/> Head Start (those meeting income standard) | <input type="checkbox"/> Tribally Administered TANF |

4. PROGRAM CERTIFICATIONS

I swear and affirm, under penalty of perjury, that I meet the qualifications described in this form for participation in the Lifeline Program. **Failure to initial any of the following will result in denial of the Lifeline benefit.**

- ____: I, or a member in my household, receive benefits from the federal/state programs identified above, or my annual household income is at or below the Federal Poverty Guidelines limit set by my state of residence.
- ____: I will notify Sage within 30 days if for any reason I (or the qualifying household member) no longer participate in the programs identified in this form, my income exceeds the Federal Poverty Guidelines limit set by my state of residence, I or my household begins to receive more than one Lifeline benefit or I otherwise become ineligible to participate in the Lifeline Program.
- ____: If I move to a new address, I will provide the new address to Sage within 30 days. If I provide a temporary address, I will be required to verify my temporary address with Sage every 90 days. I understand that failure to notify Sage accordingly will result in my de-enrollment from the Lifeline Program.
- ____: My household is eligible to receive only one Lifeline benefit and, to the best of my knowledge, my household will not receive more than one Lifeline benefit from either a wireline or wireless service provider.
- ____: The information contained in this Lifeline form is true and correct to the best of my knowledge.
- ____: Providing false or fraudulent information on this Lifeline form, to receive Lifeline benefits, is punishable by law.
- ____: I may be required to re-certify my eligibility for Lifeline at any time, and failure to re-certify as to my continued eligibility will result in de-enrollment from the Lifeline program.
- ____: My household is eligible to receive only one Lifeline service and, and I understand a violation of the one-per-household rule will constitute a violation of FCC rules and will result in my de-enrollment from the Lifeline program.
- ____: If I seek to qualify for Tribal Lifeline, it is because I live on federally-recognized Tribal Lands.
- ____: I authorize Sage to release and transfer information contained in this form and/or information concerning my service necessary to administer the Lifeline program to the Universal Service Administrative Company (USAC), the Federal Communications Commission (FCC) or to any state agency, as required by law. Sage shall maintain and safeguard the information in this form and any information received about me as confidential customer account information. **I understand that if I refuse to have this information transmitted and/or released as described herein, I will be denied Lifeline benefits.**

TruConnect Compliance Plan

PUBLIC NOTICE

Federal Communications Commission
445 12th St., S.W.
Washington, D.C. 20554

News Media Information 202 / 418-0500
Internet: <http://www.fcc.gov>
TTY: 1-888-835-5322

DA 12-2063

Release Date: December 26, 2012

**WIRELINE COMPETITION BUREAU APPROVES THE COMPLIANCE PLANS OF
AIRVOICE WIRELESS, AMERIMEX COMMUNICATIONS, BLUE JAY WIRELESS,
MILLENNIUM 2000, NEXUS COMMUNICATIONS, PLATINUMTEL COMMUNICATIONS,
SAGE TELECOM, TELRITE AND TELScape COMMUNICATIONS**

WC Docket Nos. 09-197 and 11-42

The Wireline Competition Bureau (Bureau) approves the compliance plans of nine carriers: AirVoice Wireless, LLC (AirVoice); AmeriMex Communications Corp. (AmeriMex); Blue Jay Wireless, LLC (Blue Jay); Millennium 2000, Inc. (Millennium 2000); Nexus Communications, Inc. (Nexus); PlatinumTel Communications, LLC (PlatinumTel); Sage Telecom, Inc. (Sage); Telrite Corporation (Telrite); and Telscape Communications, Inc. d/b/a Telscape Wireless (Telscape). The compliance plans were filed pursuant to the *Lifeline Reform Order* as a condition of obtaining forbearance from the facilities requirement of the Communications Act of 1934, as amended (the Act), for the provision of Lifeline service.¹

The Act provides that in order to be designated as an eligible telecommunications carrier (ETC) for the purpose of universal service support, a carrier must “offer the services that are supported by Federal universal service support mechanisms . . . either using its own facilities or a combination of its own facilities and resale of another carrier’s services . . .”² The Commission amended its rules to define voice telephony as the supported service and removed directory assistance and operator services, among other things, from the list of supported services.³ As a result of these amendments, many Lifeline-only ETCs that previously met the facilities requirement by providing operator services, directory assistance or other previously supported services no longer meet the facilities requirement of the Act.⁴ In the *Lifeline Reform Order*, the Commission found that a grant of blanket forbearance of the facilities requirement,

¹ See *Lifeline and Link Up Reform and Modernization et al*, WC Docket No.11-42 *et al.*, Report and Order and Further Notice of Proposed Rulemaking, 27 FCC Rcd 6656, 6816-17, paras. 379-380 (2012) (*Lifeline Reform Order*). A list of the compliance plans approved through this Public Notice can be found in the Appendix to this Public Notice.

² 47 U.S.C. § 214(e)(1)(A).

³ See *Lifeline Reform Order*, 27 FCC Rcd at 6678, para. 47; see also 47 C.F.R. § 54.101(a).

⁴ See *Lifeline Reform Order*, 27 FCC Rcd at 6812, para. 366, App. A; *Connect America Fund et al*, WC Docket 10-90, Order on Reconsideration, 26 FCC Rcd 17633, 17634-35, para. 4 (2011) (*USF/ICC Transformation Order on Reconsideration*). Some ETCs have included language in their compliance plans indicating that they have facilities or plan to acquire facilities in the future. See, e.g., Blanket Forbearance Compliance Plan, WC Docket Nos. 09-197 and 11-42, Q Link Wireless, LLC’s Third Amended Compliance Plan at 4 n. 2 (filed July 30, 2012). To the extent ETCs seek to avail themselves of the conditional forbearance relief established in the *Lifeline Reform Order*, we presume they lack facilities to provide the supported service under sections 54.101 and 54.401 of the Commission’s rules. See 47 C.F.R. §§ 54.101 and 54.401. Such ETCs must comply with the compliance plan approved herein in each state or territory where they are designated as an ETC, regardless of their claim of facilities for other purposes, such as eligibility for state universal service funding.

subject to certain public safety and compliance obligations, is appropriate for carriers seeking to provide Lifeline-only service.⁵ Therefore, in the *Lifeline Reform Order*, the Commission conditionally granted forbearance from the Act's facilities requirement to all telecommunications carriers seeking Lifeline-only ETC designation, subject to the following conditions: (1) compliance with certain 911 and enhanced 911 public safety requirements; and (2) Bureau approval of a compliance plan providing specific information regarding the carrier and its service offerings and outlining the measures the carrier will take to implement the obligations contained in the *Order*.⁶

The Bureau has reviewed the nine plans listed in the Appendix for compliance with the conditions of the *Lifeline Reform Order* and now approves those nine compliance plans.⁷

Filings, including the Compliance Plans identified in the Appendix, and comments are available for public inspection and copying during regular business hours at the FCC Reference Information Center, Portals II, 445 12th Street, S.W., Room CY-A257, Washington, D.C. 20554. They may also be purchased from the Commission's duplicating contractor, Best Copy and Printing, Inc., Portals II, 445 12th Street, S.W., Room CY-B402, Washington, D.C. 20554, telephone: (202) 488-5300, fax: (202) 448-5563, or via email www.bcpiweb.com.

People with Disabilities: To request materials in accessible formats for people with disabilities (Braille, large print, electronic files, audio format), send an email to fcc504@fcc.gov or call the Consumer & Governmental Affairs Bureau at (202) 418-7400 or TTY (202) 418-0484.

For further information, please contact Michelle Schaefer, Telecommunications Access Policy Division, Wireline Competition Bureau at (202) 418-7400 or TTY (202) 418-0484.

- FCC -

⁵ See *Lifeline Reform Order*, 27 FCC Rcd at 6813-6817, paras. 368-381.

⁶ See *id.*, 27 FCC Rcd at 6814, 6819, paras. 373, 389. Subsequently, the Bureau provided guidance for carriers submitting compliance plans pursuant to the *Lifeline Reform Order*. *Wireline Competition Bureau Provides Guidance for the Submission of Compliance Plans Pursuant to the Lifeline Reform Order*, WC Docket Nos. 09-197 and 11-42, Public Notice, 27 FCC Rcd 2186 (Wireline Comp. Bur. 2012).

⁷ The Commission has not acted on any pending ETC petitions filed by these carriers, and this Public Notice only approves the compliance plans of the carriers listed above. While these compliance plans contain information on each carrier's Lifeline offering, we leave it to the designating authority to determine whether or not the carrier's Lifeline offerings are sufficient to serve consumers. See *Lifeline Reform Order*, 27 FCC Rcd at 6679-80, 6818-19, paras. 50, 387.

REVISED COMPLIANCE PLAN OF SAGE TELECOM, INC.

Sage Telecom, Inc. ("Sage"), by its attorneys, respectfully submits this Compliance Plan ("Plan") for the purposes of seeking federal Lifeline support for wireless service under the Universal Service Fund's Low Income Program.

In the *Lifeline Reform Order*,¹ the Commission adopted rules and procedures through which it instituted "blanket forbearance" from the applications of the facilities requirement to all telecommunications carriers seeking a limited ETC designation to provide wireless Lifeline services. In order to qualify for this blanket forbearance, the Commission requires carriers to comply with certain 911 requirements and file and receive approval of a compliance plan providing specific information about its service offerings and procedures to safeguard against waste, fraud and abuse.

Therefore, Sage respectfully submits this Plan in accordance with the Lifeline Reform Order and instructions set forth in the Wireline Competition Bureau *Public Notice* issued on

¹ *In the Matter of Lifeline and Link Up Reform and Modernization Lifeline and Link Up, Federal-State Joint Board on Universal Service, Advancing Broadband Availability Through Digital Literacy Training*, WC Docket No. 11-42, WC Docket No. 03-109, CC Docket No. 96-45, WC Docket No. 12-23, Report and Order and Further Notice of Proposed Rulemaking, FCC 11-12, ¶ 172 (rel. Feb. 6, 2012) ("*Lifeline Reform Order*").

February 29, 2012.² Sage seeks approval of this compliance plan only for the provision of Lifeline support to provide wireless services nationwide, as the company offers wireline service as a facilities-based carrier under the approval of state commissions. This Plan sets forth Sage's service offerings and the procedures and measures it will use to safeguard against waste, fraud and abuse. In support of this request, Sage provides the following information:

(1) Information about the carrier and the Lifeline plans it intends to offer:

(a) names and identifiers used by the carrier, its holding company, operating company and all affiliates;

Sage is a Texas corporation with offices located at 10440 N Central Expressway, Suite 700, Dallas, TX 75231.³ The company began operations as a competitive local exchange carrier ("CLEC") providing traditional wireline service in 1998. Sage is authorized as a CLEC in 25 additional states and as an interexchange carrier in Colorado,⁴ and provides service in Arkansas, California, Connecticut, Illinois, Kansas, Michigan, Missouri, Ohio, Oklahoma, Texas and Wisconsin. Sage was authorized as an ETC in Texas in 2002, and Sage also a provider of high speed Internet services. Sage has also been designated as an ETC in a number of other states for the provisions of wireline service Lifeline service and currently has wireline Lifeline customers in five states for which it is reimbursed through state and/or federal programs, depending upon the state and the customer. Specifically, in California, Sage receives support only from the CPUC's Low Income Programs. Sage also receives support from state programs in Kansas, Texas and Wisconsin. Less than 20% of Sage's customers receive a subsidy from a low income

² Public Notice, Wireline Competition Bureau Provides Guidance for the Submission of Compliance Plans Pursuant to the Lifeline Reform Order, DA 12-314, (Rel. Feb. 29, 2012).

³ Due to a planned move of corporate offices, this address is effective after October 26, 2012.

⁴ Technically, the services provided by Sage in Texas are under the corporate entity Sage Telecom of Texas, LP, and services in all other states are provided by Sage Telecom, Inc. However, services are all offered to consumers under the trade name "Sage Telecom, Inc."

program. The company is planning to launch wireless service on a non-Lifeline basis, primarily in Texas, through an MVNO arrangement with Sprint. As the company would like to expand this offering to Lifeline customers, Sage seeks approval of a compliance plan to offer Lifeline service using this resold service.

Sage is wholly-owned by TSC Acquisition Corporation ("TSC"). TSC also owns Telscape Communications, Inc., A CLEC based in California that primarily serves customers in that state on both a wireline and wireless basis. Sage, through its common ownership with Telscape, has collective access to a broader market and combined subscriber growth. Sage is also affiliated with TruConnect Mobile, LLC ("TruConnect"), through partial common ownership. TruConnect is 40% owned by TSC, Sage's parent company as described above. TruConnect provides mobile broadband data services and does not provide any services supported by the low income program.

(b) detailed information demonstrating the carrier is financially and technically capable of providing the supported Lifeline services in compliance with the Commission's rules;

As a long-time provider of wireline services, particularly in Texas, Sage has a proven record of technical and financial qualifications. The company provides facilities-based wireline service in numerous states and has sophisticated back-office, operational and support systems, which allows it to operate at lower costs and pass those savings on to its subscribers. As a carrier who has provided service for nearly 14 years, Sage possesses the financial viability, as well as the expertise to continue to provide affordable and quality service to customers and has the proven experience to maintain its compliance with all applicable federal and state regulatory guidelines. Sage derives the majority of its revenue from the telecommunications services it provides to its customers. Sage does not and will not rely exclusively on the Universal Service

Fund ("USF") disbursements to operate, but rather relies on revenues it receives from providing non-Lifeline wireline (and soon wireless) service, the payment for service by Lifeline customers,⁵ as well as high-speed Internet services. In addition, Sage has not been subject to any type of enforcement action or ETC revocation proceeding by the FCC or any state utility regulatory commission.

Sage is working with Sprint Spectrum to resell Sprint's wireless services to non-Lifeline customers in Texas and elsewhere. As a Lifeline service provider, Sage would continue to work with Sprint, who provides the necessary network infrastructure and wireless facilities necessary for the operation of Sage's services as a Mobile Virtual Network Operator ("MVNO"). As the Commission is aware, Sprint is a large, nationwide carrier who provides similar service to other wireless Lifeline providers operating as MVNOs. Sage's agreement and partnership with Sprint further demonstrates its financial and technical capability to provide these services.

(c) detailed information, including geographic locations, of the carrier's current service offerings if the carrier currently offers service;

As detailed in response to Question 1(a) above, Sage currently provides local and interstate wireline and is planning to provide wireless services in numerous states, with a particular emphasis on Texas.

(d) the terms and conditions of each Lifeline service plan offering, including rates, the number of minutes provided and additional charges, if any, for toll calls;

At this time, Sage plans to offer the following wireless Lifeline plans and services, subject to state specific requirements or requests from state PUCs. These plans are offered to both Lifeline and non-Lifeline subscribers, with a discount applied to the Lifeline customer. Services will be offered on a prepaid basis, and potentially also on a postpaid basis. All services

⁵ All of Sage's Lifeline wireline customers currently pay a monthly fee for the discounted service.

will normally have an activation fee and will likely require a monthly payment from the customer. The prices listed below show the basic, non-Lifeline price and the price to the consumer with the \$9.25 Lifeline credit applied. All plans will likely require a monthly payment by the customer. Sage commits to providing a minimum of 250 minutes per month for the \$9.25 subsidy.

Sage is still determining the exact plans it will offer (reiterating the condition that plans will provide a minimum of 250 minutes for the \$9.25 subsidy), but a sample plan would be as follows:

ValuMobile Plus Price: \$24.25 per month/Lifeline Price: \$15.00

Features	Cost
500 minutes Voice/Text	Included
Call Waiting	Included
3 Way Calling	Included
Caller ID	Included
VoiceMail	Included
911	Free
611 (Customer Service)	Free
Directory Assistance	\$1.50

Activation Fee: \$25.00

Additional Minutes: For all service plans the customer can purchase additional voice, data, MMS, text minutes for \$0.05 per minute with a minimum purchase of \$5.00. For example, 100 additional minutes will cost \$5.00. The customer will have the ability to purchase 100 minutes (\$5.00); 200 minutes (\$10.00); 300 minutes (\$15.00) and 500 minutes (\$25.00). For Unlimited service plans the customer will not need additional voice or text but will need to purchase additional minutes for data and MMS. MMS is priced at \$0.15 per minute and Data is \$0.05 per MB.

Text Messages: The service plans include text messaging; text messaging rates are assessed at 1 minute per text message sent and 1 minute per text message received.

Other: Plans do not permit rollover minutes. Top Ups are available for a 30 day period as long as the customer renews the service at the normal plan rate. Plans do not allow roaming. The \$25.00 Activation Fee includes selection of a basic handset which is activated and provided ready for use. Customers are allowed to call internationally but will be assessed the international rates. International text rates are \$0.20 per minute for messages sent or received. Special Promotional offer: 10 MB data FREE for 3 months with the selection of a data capable phone.

(e) all other certifications required under newly amended section 54.202 of the Commission's rules.

Section 54.202 requires ETCs to (1) certify that it will comply with the applicable service requirements; (2) file a five-year plan detailing proposed improvements or upgrades in the network unless the ETC is receiving only Lifeline support; (3) demonstrate that it will continue to function in emergency situations including reasonable back-up backup power and emergency traffic management; (4) demonstrate that the carrier will comply with applicable consumer protection and service quality standards; (5) demonstrate that it is financially and technical qualified to provide Lifeline services that comply with the applicable rules; and (6) provide information concerning the terms and conditions of the service plans offered to Lifeline customers.

In response to item (1), Sage certifies that it will comply with applicable service requirements and regulations for Lifeline support.

In response to item (2), Sage is not required to submit a five year plan since it is seeking to obtain only Lifeline support for its eligible customers.

In response to item (3), as a CLEC provider in multiple states for over 14 years, Sage has significant experience with emergency preparedness. Sage has detailed Emergency Action and Disaster Recovery Plans in place to respond to emergencies. In addition, Sage's agreement with Sprint provides for the continuation of services during emergencies and sets forth obligations for the service to remain functioning during disasters and similar emergency situations. In addition, as a nationwide carrier and provider of wireless service, Sprint also remains subject to the Commission's authority and must, and does, comply with federal outage reporting requirements.

In response to item (4), Sage certifies that it will comply with the applicable consumer protection and service quality standards. As an operating CLEC in many states, Sage is already subject to states consumer protection and service quality requirements. Sage's wireless Lifeline customers will also receive the same quality service and protections.

Sage's response to items (5) and (6) are provided above and in the provided exhibits

(2) A detailed explanation of how the carrier will comply with the Commission's new rules relating to determinations of subscriber eligibility for Lifeline services, including all consumer eligibility, consumer enrollment and re-certification procedures as required by Section VI and Appendix C of the Lifeline Reform Order, and a copy of the carrier's certification form;

Under the *Lifeline Reform Order*, ETCs must comply with eligibility rules for Lifeline services, including initial eligibility, certification, and annual re-certification procedures. In addition to the Commission's rules, Sage must also comply with all certification and verification requirements for Lifeline eligibility established by states where Sage is designated as an ETC. For states that do not have a Lifeline administrator or state agency responsible for determining eligibility and initial certifications and annual certifications, Sage certifies it will comply with the Commission's certification and verification requirements and will follow the procedures outlined below until such time as the Commission implements its planned National Lifeline Accountability Database.

Procedures for Initial Eligibility Determination and Certification of Lifeline Subscribers.

With respect to determining eligibility certification procedures, the rules provide that an ETC must determine a Lifeline applicant's eligibility and provide and receive certification forms with proper documentation from Lifeline subscribers, except where there is a state Lifeline administrator or a state agency responsible for eligibility verification.

In states where there is a third party entity acting as the Lifeline administrator (also referred to as the "Low Income Discount Administrator" or "LIDA" in Texas) who is responsible for determining the eligibility of consumers seeking to subscribe to Lifeline service, sending out certification forms, reviewing documentation and providing ETCs with the appropriate approval of a potential subscriber's eligibility for Lifeline, Sage will comply with the program rules established in those states and will cooperate fully with any state Lifeline administrator.

Based on Sage's history of providing Lifeline and non-Lifeline customers in wireline products, Sage's primary source of signing up Lifeline customers will be via telephone, although some customers may be signed up in person at temporary locations staffed by Sage employees. Visitors to Sage's website will be given information about the program but are required to contact Sage directly via telephone to complete the sign-up process. These callers speak to Sage employees who are specially trained on the Lifeline programs. Sage's customer services representatives will review income- and program-based requirements with applicants via telephone contact. During the initial sign up for service, Sage will (a) require the applicant to confirm that he or she is not already receiving a Lifeline service and that no one else in the applicant's household is subscribed to a Lifeline service in order to avoid providing duplicate services; and (b) inform the applicant of both the income- and program-based eligibility requirements to determine initial eligibility and any state-specific requirements.

Customers are offered the choice to either sign up for service as a non-Lifeline customer pending confirmation of eligibility, or to have their application for service held pending confirmation of eligibility. In the event the customer chooses to proceed, they are processed as a new non-Lifeline customer and the verification process continues as described below. The customer would only be given the Lifeline discount when they have satisfied the verification process, either through the state administrator or Sage's internal process. If the customer is eventually deemed ineligible, they receive no credit. Where the customer chooses to wait for confirmation of eligibility before starting service, the employee will take down the relevant information from the consumer, including payment information, but the order is then held pending verification of eligibility. Only if the customer is determined to be eligible is the order processed.

The Verification process varies by state, in states with a Lifeline administrator, if a new applicant indicates that he or she is eligible for Lifeline service, Sage will provide the applicant's relevant information to the administrator in conformance with any state or Lifeline administrator specific rules. The Lifeline administrator will provide the requisite forms and will be responsible for processing those forms when returned and ensuring the documentation is satisfactory as set forth in state regulations. Sage will not provide Lifeline service or seek reimbursement for providing services to such applicant until it receives a certification of eligibility from the Lifeline administrator.

In states where there is no Lifeline administrator or state agency responsible for determining initial eligibility and certifying Lifeline applicants, Sage will require all applicants to demonstrate either: (1) the applicant's household income is at or below 135% of the Federal Poverty Guidelines based on the income-eligibility criteria set forth in Sections 54.409(a)(1) or

(a)(3) or (2) the applicant participates in Medicaid, Food Stamps, Supplemental Security Income, Federal Public Housing Assistance, Low-Income Home Energy Assistance Program, National School Lunch Program or Temporary Assistance for Needy Families. As required to prevent suspected duplications, Sage will also require the customer to complete the Lifeline Household Worksheet issued by USAC to ensure that duplicate support is not provided to any household. Sage will inform the applicant that any information provided will be submitted to USAC as necessary under the Commission's rules to verify the household is not receiving duplicate Lifeline support.

After confirming initial eligibility either in person or over the phone, Sage will provide the individual with an application via mail requiring him or her to provide certain information and certify that they meet either the income-based eligibility requirements or the program-based requirements, make certain certifications and submit documentation. Specifically, Sage's Lifeline application form will collect the following information from the potential Lifeline customers: (i) the subscriber's full name; (ii) the subscriber's full residential street address (P.O. Boxes will not be acceptable); (iii) whether the residential address is permanent or temporary; (iv) the subscriber's billing address, if different; (v) the subscriber's date of birth; (vi) the last four digits of the subscriber's Social Security number (or Tribal identification number if the subscriber is a member of a Tribal nation and does not have a Social Security number); (vii) if the subscriber is seeking to qualify for Lifeline under the program-based criteria, the name of the qualifying assistance program from which the subscriber, or his or her dependents, or his or her household receives benefits; and (viii) if the subscriber is seeking to qualify for Lifeline under the income-based criterion, the number of individuals in his or her household.

In addition, as part of the Lifeline application, Sage will require all Lifeline applicants to certify, under penalty of perjury, that:

- the applicant meets the income-based or program-based eligibility criteria for receiving Lifeline either because the household receives benefits from a state or federal assistance program (and list the name of the program) or has income at or below 135% of the Federal Poverty Guidelines;
- the applicant has provided documentation to Sage that correctly and accurately confirms the subscriber's household income or participation in the above-listed program(s);
- the applicant will notify its carrier within thirty (30) days if, for any reason, he or she no longer satisfies the criteria for receiving Lifeline including, as relevant, if the applicant no longer meets the income-based or program-based criteria for receiving Lifeline support, the applicant is receiving more than one Lifeline benefit, or another member of the subscriber's household is receiving a Lifeline benefit. The applicant will also certify that they understand this requirement and may be subject to penalties if they fail to notify Sage;
- if the applicant moves to a new address, he or she will provide that new address to the eligible telecommunications carrier within thirty (30) days;
- if the applicant provided a temporary residential address to the eligible telecommunications carrier, he or she will be required to verify his or her temporary residential address every ninety (90) days;
- the applicant acknowledges that the subscriber will be required to re-certify his or her continued eligibility for Lifeline at any time, and the applicant's failure to re-certify as to his or her continued eligibility will result in de-enrollment and the termination of the applicant's Lifeline benefits;
- the applicant's household will receive only one Lifeline service and, to the best of his or her knowledge, the subscriber's household is not already receiving a Lifeline service;
- the information contained in the applicant's certification form is true and correct to the best of his or her knowledge, that providing false or fraudulent documentation or information in order to receive assistance is punishable by fines, imprisonment, de-enrollment or being barred from the program;
- That a violation of the one-per-household rule constitutes a violation of FCC rules and will result in their de-enrollment from the Lifeline program
- the applicant understands that Lifeline is a non-transferable benefit and the service may not be transfers to anyone else; and
- the applicant understands their information, including name, telephone number and address, will be given to the Universal Service Administrative Company (USAC) and/or its agents for the purpose of verifying the applicant and the applicant's household do not

receive more than one Lifeline benefit and consenting to the inclusion of that information into a Lifeline database.

A sample Sage application is attached hereto as Exhibit A.

This application is mailed by Sage to the customer for completion and is returned to Sage for review and certification. All applications are reviewed by Sage employees. Should Sage engage sales agents to assist in signing up customers, those applications will also be reviewed by Sage employees to ensure the applicant's eligibility.⁶ This review includes a review to determine eligibility as well as a duplicate review process described below. Sage will make itself available as a direct point of contact with all Lifeline applicants. In addition, all Sage employees who have contact with potential Lifeline customers will be fully trained on the state and Commission Lifeline eligibility rules.

If Sage cannot determine a prospective subscriber's eligibility through a review of an appropriate federal or state database, Sage personnel will require the submission of appropriate documentation required to establish income-based and program-based eligibility and will review each subscriber's documentation for compliance with the eligibility criteria. If documentation is not sufficient or if the application is incomplete, then Sage will deny the application and inform the applicant of the reason for such rejection. For applicants submitting proof of income-eligibility or program-based eligibility, Sage will not retain copies of such documentation but will maintain accurate records detailing how the customer demonstrated his or her eligibility.⁷ In addition, if the subscriber provides Sage with a temporary address, it will verify with the subscriber every 90 days that this address remains valid. If the subscriber fails to respond to the Sage within 30 days, the subscriber will be de-enrolled from the Lifeline program.

⁶ In states with a Lifeline Administrator, this process would be handled pursuant to the procedures of the Administrator.

⁷ 47 C.F.R. §§ 54.410(b)(1)(ii)-(iii) and 54.410(c)(1)(ii)-(iii).

Procedures for Annual Re-Certification. Similar to the initial certification process, an ETC must annually certify all subscribers, unless there is a Lifeline administrator that is responsible for re-certification. In states where a Lifeline administrator is responsible for completing annual re-certifications, Sage will rely on such administrator completing the annual certification. If the Lifeline administrator provides notice to Sage that a current subscriber did not re-certify, then Sage will comply with the de-enrollment requirements required by the FCC's rules. Sage will cooperate fully with any Lifeline administrator and take any necessary steps to ensure it is in compliance with both state and federal re-certification procedures.

In states where there is not a Lifeline administrator, Sage will require its Lifeline subscriber to annually re-certify their eligibility as set forth in Rules 54.410(f)(2) and (f)(5) and 54.405(e)(4). Sage may complete the re-certification process on a rolling basis throughout the year. If Sage cannot determine on-going eligibility by accessing a qualifying database, Sage will re-certify the continued eligibility of its subscribers by contacting them in person, in writing (by mail), by phone, by text message, by email or otherwise through the Internet.⁸ Alternatively, beginning in 2013, Sage may elect to have the USAC administer the annual self-certification process.⁹

As part of the re-certification process, Sage will inform its Lifeline subscribers that they must confirm eligibility to retain Lifeline benefits, when Lifeline benefits will be terminated if confirmation of eligibility is not provided and how to contact Sage for more information or assistance. If a Lifeline subscriber does not respond to the notice within 30 days, Sage will send

⁸ *Lifeline Reform Order*, ¶ 130.

⁹ *Id.*, ¶ 133.

a notice of impending termination. Subscribers who do not respond to the impending termination notice will be de-enrolled from the Lifeline program within five business days.¹⁰

(3) A detailed explanation of how the carrier will comply with the forbearance conditions relating to public safety and 911/E-911 access;

The Commission conditioned its grant of forbearance on an ETC (a) providing its Lifeline subscribers with 911 and E911 access, regardless of activation status and availability of minutes; (b) providing its Lifeline subscribers with E911-compliant handsets and replacing, at no additional charge to the subscriber, noncompliant handsets of Lifeline-eligible subscribers who obtain Lifeline-supported services.¹¹ Sage's wireless service currently complies with these requirements and will continue to comply with these conditions.

Specifically, Sage provides its wireless subscribers with 911/E911 access at the time their service is initiated, regardless of activation status and availability of minutes and provides its subscribers with E911-compliant handsets. It is the company's practice to provide access to 911/E911 to the extent these services are available from the underlying carrier, Sprint. Sage also enables 911 emergency calling from all properly activated handsets regardless of whether the account associated with the handset is active, suspended to terminated. Sage will transmit all 911 calls initiated from any of its handsets even if the associated account has no remaining minutes.

In addition, all phones provided by Sage are 911/E911 compliant. Sage uses phones from Sprint that, based on representations made to Sage by Sprint, have been through the applicable certification process in the company's labs. In the event that a customer does not have an E911-complaint handset, Sage will replace it with a compliant handset at no charge. All new

¹⁰ 47 C.F.R. § 54.405(e)(4).

¹¹ *Lifeline Reform Order*, ¶ 373.

customers who qualify for Lifeline services with Sage will receive a 911/E911-compliant handset free of charge.

(4) A detailed explanation of how the carrier will comply with the Commission's marketing and disclosure requirements for participation in the Lifeline program;

Sage has experience in providing clear, concise and consistent marketing and disclosure information to its wireline Lifeline to its customers. With respect to its wireless services, Sage will emphasize in clear, easily understood language: (a) that the service is a Lifeline-supported service; (b) that only eligible consumers may enroll in the program; (c) what documentation is necessary for enrollment; and (d) that the benefit is limited to one per household consisting of either wireline or wireless service and is non-transferrable. Sage will also explain that Lifeline is a government benefit program and willfully making false statements to obtain Lifeline benefits may be punished by fine or imprisonment or result in being barred from the program. Sage has and will continue to clearly disclose its name (Sage or Sage Wireless) on all marketing materials. A sample advertisement to be used as a model for creation of state-specific advertisements is attached hereto as Exhibit B. Please note that the two pages of the exhibit represents the front and back of single page document.

(5) A detailed explanation of the carrier's procedures and efforts to prevent waste, fraud and abuse in connection with Lifeline funds, including but not limited to, procedures the carrier has in place to prevent duplicate Lifeline subsidies within its own subscriber base, procedures the carrier undertakes to de-enroll subscribers receiving more than one Lifeline subsidy per household, information regarding the carrier's toll limitation service, if applicable, and the carrier's non-usage policy, if applicable.

Sage fully understands and shares the Commission's commitment to minimize waste, fraud and abuse with respect to the Lifeline program. Sage derives less than a quarter of its revenue from Low Income service, and does offer a wireline low income service in a number of states both with and without and administrator. Nonetheless, Sage has focused its operations in a

few states, with a goal of focused growth, to be offered initially in Texas, and then into other states in which Sage is already a wireline ETC. This approach has allowed Sage to refine its business practices and to implement policies consistent with the Commission's goal of minimizing waste, fraud and abuse before launching its service nationwide at some time in the future.

Prevention of Duplicates In Sage's Subscriber Base. At time of initial sign up of a new subscriber, the subscriber's service address is validated for accuracy against the USPS ("United States Postal Service") database and saved in the USPS-approved format, which permits the Sage subscriber database to more accurately prevent duplicates by preventing variations of the same address from appearing multiple times in the database. Once the address is validated for accuracy and format, Sage can check it in available databases or provide it to the Lifeline administrator, where applicable, to be checked against addresses for all Lifeline customer addresses for the entire state.

In addition, while it is anticipated that Sage and its affiliate, Telscape will only operate in different states, to the extent that they have Lifeline customers in the same state, customers can be checked against each company's records to further avoid duplication.

Activation and Non-Usage Policy. Sage will not consider a wireless subscriber activated until the customer has chosen a *non-Lifeline* service plan, activates their service by paying the activation fee, and then applies for and is approved for a Lifeline service plan. Adhering to this "prequalification guideline" prevents waste, fraud and abuse by requiring customers to first sign up for service at regular rates and then only provide discounted service once the customer's eligibility has been confirmed through verification or a Lifeline administrator. As such, Sage will not seek reimbursement for any wireless subscriber until the subscriber activates service and

is approved by the Lifeline administrator or by Sage, in states without a third party Lifeline administrator. Customers who wish to be confirmed as an eligible Lifeline subscriber prior to commencing service can place a non-Lifeline order and have the order held pending verification of eligibility as described above. Because customers do not receive their handset and service until they have an order processed and the activation fee is paid, customers receive activated handsets. Thus, there is no possibility of Sage receiving reimbursement for a customer who does not have an active handset. After the order is processed, Sage personnel activate, configure and test the handsets before they are sent to the consumer. Thus all customers receive an activated handset.

As required by the *Lifeline Reform Order*, Sage has implemented a non-usage policy under which it will de-enroll Lifeline customers that have not used the Sage's Lifeline service for 60 consecutive days. When consumers sign-up for Sage's service, Sage will inform them about the usage requirement. If a Sage Lifeline customer's account does not reflect any usage during any consecutive 60-day period, Sage will deactivate the customer's Lifeline service. Accounts will be deemed active if the Lifeline subscriber: (a) completes an outbound call; (b) purchases minutes or an additional month of service to add to the subscriber's Lifeline service plan; (c) answers an incoming call from a party other than Sage, its agent or representative; or (d) responds to a direct contact from Sage and confirms that he or she wants to continue receiving the Lifeline service.¹²

For Lifeline subscribers failing to use their Lifeline service for a 60-day consecutive period as described above, Sage will provide a clear, easily understood notice that the subscriber's failure to use the Lifeline service within the 30-day notice period will result in

¹² See *Lifeline Reform Order*, ¶ 261; 47 C.F.R. § 54.407(c)(2).

service termination for non-usage. Sage will not terminate service to Lifeline subscribers that use their Lifeline service within 30 days of Sage providing said notice.¹³

Cooperate with Federal and State Regulators and Lifeline Administrators. Sage will cooperate with the Commission and has and will continue to cooperate with state regulators and Lifeline administrators to prevent waste, fraud and abuse. Sage will, for example:

- As applicable, participate in industry working groups conducted by or in coordination with state commissions and Lifeline administrators;
- Respond to requests from the Commission, USAC or state commissions concerning consumers' eligibility to be enrolled in Lifeline service, among other matters;
- Upon having a reasonable basis and/or upon any notification from federal or state commissions and/or Lifeline administrators, timely investigate issues concerning a Sage Lifeline customer receiving service from another carrier or customers receiving more than one Lifeline subsidy per household;
- As applicable and when available, access the National Lifeline Accountability Database to determine if an applicant is currently receiving Lifeline service from another carrier or if another person residing at the applicant's residential address is receiving Lifeline service; and
- Comply with federal and state audit requirements.

¹³ 47 C.F.R. § 54.405(e)(3).

CONCLUSION

Sage respectfully submits that the foregoing Compliance Plan fully satisfies the conditions set forth in the *Lifeline Reform Order*. Accordingly, Sage respectfully requests approval of this Compliance Plan so that Sage can provide essential Lifeline wireless service to eligible low-income customers nationwide.

Respectfully submitted,

CERTIFICATION FORMS

FEDERAL LIFELINE CERTIFICATION FORM

Lifeline Information

- Lifeline is a federal benefit and that willfully making false statements to obtain the benefit can result in fines, imprisonment, de-enrollment or being barred from the program.
- Only one Lifeline service is available per household.
- A household is defined, for purposes of the Lifeline program, as any individual or group of individuals who live together at the same address and share income and expenses.
- A household is not permitted to receive Lifeline benefits from multiple providers.
- You must use your phone every 60 days to maintain service. Usage includes making an outbound call, answering an incoming call. Usage can also include the purchase of additional minutes or payment of your monthly bill. If there is no usage on your account for 60 days you will be de-enrolled from the program.
- Lifeline is a non-transferable benefit and the subscriber may not transfer his or her benefit to any other person.

Lifeline Certification Instructions

Step 1. Fill out the Customer Information Section. You must provide the last four digits of your Social Security Number and Date of Birth.

Step 2. Indicate How You Qualify for Lifeline. Choose whether you participate in a qualifying program or if you household income falls within the guidelines. You **MUST** send photocopies demonstrating that you participate in the qualifying program or if you qualify based on your household income, you must provide documentation of income that covers one full year. Documentation that does not cover a full year, such as paystubs, the customer must present the same type of documentation covering Three Consecutive Months within the previous twelve months.

Step 3. Determine If You Qualify for Tribal Land. Not all customers will be eligible for the Tribal Land benefit. To be eligible for Tribal Lands a customer must reside on Tribal Lands and participate in one of the following programs: Tribally Administered Free School Lunch Program, Tribally Administered Temporary Assistance for Needy Families, Food Distribution Program on Indian Reservations, Head Start (those meeting income standard), and Bureau of Indian Affairs General Assistance.

Step 4. Certify Customer Eligibility. Each customer must certify, under penalty of perjury, for receiving Lifeline support, by initialing ALL areas under this section.

Step 5. Sign Certification Form. You must print your name and sign the certification form indicating that you are complying with the Lifeline rules.

Step 6. Supporting Documentation. Don't forget that you must include supporting documentation which can include a copy of an award letter or card in the qualifying program based. Income documentation could include the prior year's state or federal tax return, paycheck stubs for the most recent 3 months, social security statement of benefits, child support document, retirement/pension statement of benefits, unemployment/workmen's compensation statement of benefits, Federal notice letter of participation in General Assistance, and other official document.

Step 7. Send the Certification Form. When completed, you may mail the form to:

Sage Telecom, Inc.
10440 N Central Expressway
Suite 700
Dallas, TX 75231-2228

FEDERAL LIFELINE CERTIFICATION FORM

Step 1. Customer Information Section

Name of Applicant: _____ Telephone Number: _____

Account Number: _____ Date of Birth: _____

Applicant's Service Address (May NOT be a P.O. BOX): _____

☐ Please check this box if the above is a Temporary Address. Last Four Digits of SSN: _____

City: _____ State: _____ Zip: _____

Billing Address (if different from Service Address): _____

Step 2. Determine How You Qualify For Lifeline (Choose either #1 or #2)

If the person who receives the benefit is not the Sage account holder, then please provide the name of the person in your household who is receiving the benefits: _____.

(#1). I qualify for Lifeline under Program-Based Criteria because I participate in the following program.

Check only ONE box below:

- | | |
|---|---|
| <input type="checkbox"/> Medicaid (not Medicare) | <input type="checkbox"/> Supplemental Security Income (SSI) |
| <input type="checkbox"/> Low-Income Home Energy Assistance Program (LIHEAP) | <input type="checkbox"/> Temporary Assistance for Needy Families (TANF) |
| <input type="checkbox"/> National School Lunch Program (Free Lunch Program) | <input type="checkbox"/> Federal Public Housing Assistance (Section 8) |
| <input type="checkbox"/> Supplemental Nutrition Assistance Program (SNAP) | |

(#2). I qualify for Lifeline under the Income-Based Criteria because my annual household income is at or below 135% of the federal poverty level guidelines. The number of individuals in my residential household is: _____ (Number in household)

Annual Income 135% of Federal Poverty Level Thresholds Based on Household Size					
1	2	3	4	5	For each additional person
\$15,080	\$20,426	\$25,772	\$31,118	\$36,464	+\$5,346 per person

Step 3. Determine If You Qualify for Tribal Lands (If Applicable, Choose either #1 or #2)

My Tribal ID Number: _____ Check ONE box below:

(#1) ☐ I qualify for Tribal Lifeline service as an eligible resident on federally recognized tribal land.

(#2) I participate in the following tribally administered program.

- | | |
|---|---|
| <input type="checkbox"/> Tribally Administered Free School Lunch Program | <input type="checkbox"/> Tribally Administered Temporary Assistance for Need Families |
| <input type="checkbox"/> Food Distribution Program on Indian Reservations | <input type="checkbox"/> Head Start (those meeting income standard) |
| <input type="checkbox"/> Bureau of Indian Affairs General Assistance | |

Step 4. CERTIFY APPLICANT'S ELIGIBILITY

Please Check or Initial All the statements below to certify your eligibility.

I certify, under penalty of perjury, that:

- ____: I meet the income-based or program-based eligibility criteria.
- ____: I must notify Sage within 30 days if for any reason I no longer satisfy the criteria for receiving Lifeline including, as relevant, if I no longer meet the income-based or program-based criteria for receiving Lifeline support, I am receiving more than one Lifeline benefit, or another member of my household is receiving a Lifeline benefit. I understand this requirement to notify Sage if my eligibility changes and that I may be subject to penalties if I fail to follow this notification requirement.
- ____: When I move to a new address, I must provide that my new address to Sage within 30 days.
- ____: I acknowledge that a household is eligible to receive only one Lifeline service and, to the best of my knowledge, no other member in my household is currently receiving wireline or wireless Lifeline service.
- ____: The information contained in this Lifeline certification form is true and correct to the best of my knowledge.
- ____: I acknowledge that providing false or fraudulent information on this certification form, to receive Lifeline benefits, is punishable by law.
- ____: I acknowledge that I may be required to recertify my eligibility for Lifeline at any time, and failure to recertify as to my continued eligibility will result in the de-enrollment and termination of my Lifeline benefits pursuant to the Code of Federal Regulation Section 54.405(e)(4).
- ____: I understand that if violation of the one-per-household rule constitutes a violation of FCC rules and will result in my de-enrollment from the Lifeline program.
- ____: If I provided a temporary address, I will be required to verify my temporary address every 90 days.
- ____: I authorize Sage to release information concerning my service necessary to administer the Lifeline program (such as name, address, telephone number) to the Universal Service Administrative Company. I give consent to Sage to verify with the National Lifeline Accountability Database my eligibility in certain low-income assistance programs or verify my income to qualify me for Lifeline service. Sage shall maintain the information in this form and any information received about me from the National Lifeline Accountability Database as confidential customer account information. Failure to provide consent will result in being denied the Lifeline service.

Step 5. Sign Certification Form. You must print your name and sign the certification form indicating that you are complying with the Lifeline rules.

Signature Printed Name Date

You may mail the completed Lifeline form to:

Sage Telecom, Inc.
10440 N Central Expressway
Suite 700
Dallas, TX 75231-2228

For Sage Telecom, Inc.'s Use Only!

Lifeline Certification Approval / Denial _____ Service Order Provisioned By _____ Date _____

Supporting Documentation Provided _____

FEDERAL LIFELINE RECERTIFICATION FORM

Lifeline Information

- All Lifeline subscribers must annually recertify their continued eligibility in the Lifeline program.
- Lifeline is a Federal benefit and willfully making false statements to obtain the benefit can result in fines, imprisonment, de-enrollment or being barred from the program.
- Only one Lifeline service is available per household. A household is defined, for purposes of the Lifeline program, as any individual or group of individuals who live together at the same address and share income and expenses.
- A household is not permitted to receive Lifeline benefits from multiple providers (wireline or wireless).
- You must use your phone every 60 days to maintain service. Usage includes making an outbound call, answering an incoming call. Usage can also include the purchase of additional minutes or payment of your monthly bill. If there is no usage on your account for 60 days you will be de-enrolled from the program.
- Lifeline is a non-transferable benefit and the subscriber may not transfer his or her benefit to any other person.
- Failure to recertify will result in being de-enrolled from the program and loss of the Lifeline credits.

Instructions for Completing the Attached Lifeline Recertification Form

Step 1. Fill out the Customer Information Section. You must provide the last four digits of your Social Security Number and date of birth.

Step 2. Indicate How You Continue to Qualify for Lifeline. Choose whether you continue to participate in a qualifying program or if your annual household income remains at or below the income guidelines. Please choose Program-Based or Income-Based eligibility, but not both.

Step 3. Determine If You Continue to Qualify for Tribal Lifeline. (If Applicable) Not all customers will be eligible for the Tribal Land benefit. To be eligible for Tribal Lifeline service, the applicant must reside on Federally recognized Tribal Land.

Step 4. Certify Customer Eligibility. Each applicant must certify, under penalty of perjury, to receive Lifeline service, by initialing or checking ALL items under this section.

Step 5. Sign Certification Form. You must print your name and sign the certification form indicating that you are complying with the Lifeline rules.

Step 6. Send in the Certification Form. Upon completion, please mail the completed form to:

Sage Telecom, Inc.
10440 N Central Expressway
Suite 700
Dallas, TX 75231-2228

All steps are required except Step 3 above for processing of your recertification form.

Please send the completed Lifeline Recertification Form to Sage within **30** days upon receipt.

FEDERAL LIFELINE RECERTIFICATION FORM

Step 1. Customer Information Section

Name of Applicant: _____ Telephone Number: _____

Account Number: _____ Date of Birth: _____

Applicant's Service Address (May NOT be a P.O. BOX): _____

☐ Please check this box if the above address is a temporary address. Last Four Digits of SSN: _____

City: _____ State: _____ Zip: _____

Billing Address (if different from Service Address): _____

Step 2. Indicate How You Qualify For Lifeline (Choose either #1 or #2)

If the person who receives the benefit is not the Sage account holder, then please provide the name of the person in your household receiving the benefits: _____

(#1). I qualify for Lifeline under the Program-Based Criteria because I participate in the following program(s):

Check only ONE box below:

- | | |
|---|---|
| <input type="checkbox"/> Medicaid (not Medicare) | <input type="checkbox"/> Supplemental Nutrition Assistance Program (SNAP) |
| <input type="checkbox"/> Supplemental Security Income (SSI) | <input type="checkbox"/> Federal Public Housing Assistance (Section 8) |
| <input type="checkbox"/> Low Income Heat Energy Assistance Program (LIHEAP) | <input type="checkbox"/> Temporary Assistance for Needy Families (TANF) |
| <input type="checkbox"/> National School Lunch Program (Free Lunch Program) | |

(#2). I qualify for Lifeline under the Income-Based Criteria because my annual household income is at or below 135% of the federal poverty level guidelines. The number of individuals in my residential household is:

_____. (Number in household)

Annual Income 135% of Federal Poverty Level Thresholds Based on Household Size					
1	2	3	4	5	For each additional person
\$15,080	\$20,426	\$25,772	\$31,118	\$36,464	+\$5,346 per person

Step 3. Determine If You Qualify for Tribal Lifeline (If Applicable, Choose either #1 or #2)

My Tribal ID Number is: _____. Check ONE box below:

(#1) ☐ I qualify for Tribal Lifeline service as an eligible resident on federally recognized tribal land.

(#2) I qualify for Tribal Lifeline service as I participate in the following tribally administered program.

- | | |
|---|--|
| <input type="checkbox"/> Tribally Admin Free School Lunch Program | <input type="checkbox"/> Tribally administered Temporary Assistance for Needy Families |
| <input type="checkbox"/> Head Start (those meeting income standards) | <input type="checkbox"/> Bureau of Indian Affairs General Assistance |
| <input type="checkbox"/> Food Distribution Program on Indian Reservations (FDPIR) | |

Step 4. CERTIFY APPLICANT'S ELIGIBILITY

Please Check or Initial All the statements below to certify your continued eligibility.

I certify, under penalty of perjury, that:

- ____: I continue to meet either the income-based or program-based eligibility criteria.
- ____: I must notify Sage within 30 days if, for any reason, I no longer satisfy the criteria for receiving Lifeline including, as applicable, if I no longer meet the income-based or program-based criteria, I am receiving more than one Lifeline service, or another member of my household is receiving a Lifeline service. I understand this requirement to notify Sage if my eligibility changes and that I may be subject to penalties if I fail to follow this notification requirement.
- ____: When I move to a new address, I must provide my new address to Sage within 30 days.
- ____: I know that my household is eligible to receive only one Lifeline service and, to the best of my knowledge, no other member in my household is currently receiving wireline or wireless Lifeline service.
- ____: The information contained in this Lifeline certification form is true and correct to the best of my knowledge.
- ____: I acknowledge that providing false or fraudulent information on this certification form, to receive Lifeline service, is punishable by law.
- ____: I understand that I may be required to recertify my eligibility for Lifeline at any time, and failure to recertify my continued eligibility will result in the de-enrollment and termination of my Lifeline service, pursuant to the Code of Federal Regulation 47 Section 54.405(e)(4).
- ____: I understand that if violation of the one-per-household rule constitutes a violation of FCC rules and will result in my de-enrollment from the Lifeline program.
- ____: If I provided temporary address, I will be required to verify my temporary address every 90 days.
- ____: I authorize Sage to release information concerning my service necessary to administer the Lifeline program (such as name, address, telephone number) to the Universal Service Administrative Company. I give my consent for Sage to verify with the National Lifeline Accountability Database whether I participate in certain low-income assistance programs or verify my income to qualify me for Lifeline service. Sage shall maintain the information in this form and any information received about me from the National Lifeline Accountability Database as confidential customer account information. Failure to provide consent will result in being denied the Lifeline service.

Step 5. Sign Certification Form.

You must print your name and sign the certification form indicating you are complying with the Lifeline rules.

Enhanced Lifeline for Residents of Tribal Lands

TWO WAYS TO QUALIFY

Method 1 Eligibility Program based

You may qualify for the Lifeline discount if you or another member of your household is currently enrolled in any one of the following public assistance programs:

- Medicaid (not Medicare)
- Supplemental Security Income (SSI)*
- Low Income Home Energy Assistance Program (LIHEAP)
- Federal Public Housing Assistance or Section 8
- National School Lunch Program (NSLP)
- Temporary Assistance for Needy Families (TANF)
- Supplemental Nutrition Assistance Program (SNAP)
- Child Health Insurance Plan (CHIP)
- Resident of Tribal Lands
- Tribal TANF
- Bureau of Indian Affairs General Assistance
- Head Start Income Eligible (Tribal only)
- Food Distribution Program on Indian Reservations (FDPIR)

*Social Security benefits and/or Social Security Disability benefits are not Program based eligibility qualifiers. Social Security and/or Social Security Disability income may only be used to qualify for Lifeline Program participation under the income eligibility qualification method.

Call today to see if you qualify

800.430.0443

TruConnect.com

Method 2 Eligibility Income based

You may also qualify if your total annual household income is at or less than the following income guidelines:

Household Size	Annual Income Limits
1	\$17,655
2	\$23,895
3	\$30,135
4	\$36,375
5	\$42,615
6	\$48,855
7	\$55,095
8	\$61,335

Add an additional \$6,240 for each additional member of your household. Effective from 6/1/15 to 5/31/16.

truconnect

TruConnect's free service is a Lifeline supported service, which is a government program available only to eligible consumers and proof of eligibility is required for enrollment. Only one Lifeline benefit is available per household and may be applied to either wireline or wireless service, but not both. Visit www.truconnect.com for details, restrictions and general terms and conditions. Please see reverse for additional details.

TruConnect Tribal Lifeline Wireless Service Addendum

Important Terms and Disclosures

Lifeline Program Disclosures: The free wireless service plan offered by TruConnect is a Lifeline-supported service. The Lifeline Program is a government program that subsidizes telecommunications services from eligible providers for the benefit of low income consumers. The Lifeline benefit is applicable only once per month on a single line of telecommunications service and is not available for the purchase of top-up minutes, ancillary services or equipment. The free handset provided in conjunction with TruConnect's Lifeline-supported service is provided solely at the expense and discretion of TruConnect. Only eligible consumers may enroll in the Lifeline program, and proof of eligibility is required. Only one Lifeline benefit is available per household, and may be applied either to wireless service or wireline service, but not both. If you are already receiving the Lifeline benefit through another carrier, you will be required to either transfer your Lifeline benefit to TruConnect during the application process or cancel your Lifeline-supported service with your current provider in advance of applying for Lifeline-supported service with TruConnect. The Lifeline benefit is not transferrable and subscribers are required to recertify as to their continued eligibility on at least an annual basis. Consumers who willfully make false statements in order to obtain the Lifeline benefit or multiple Lifeline benefits may be punished by fine or imprisonment or may be barred from the program. Additional program requirements are applicable and certain restrictions and limitations may apply. Please visit our website at www.truconnect.com for additional information on Lifeline program requirements and benefits, and TruConnect's Lifeline service offerings.

Tribal Disclosures: The Tribal Lifeline benefit is an additional Lifeline credit of \$25 available to "eligible residents of Tribal Lands." An "eligible resident of Tribal lands" is a "qualifying low-income consumer," as defined in paragraph (a) of section 54.400 of 47 CFR, living on or near a reservation (a "Tribal Consumer"). Such Tribal Consumer is eligible to receive Tribal Lifeline-supported service if that consumer meets the qualifications for Lifeline as described above, or if the Tribal Consumer, one or more of the consumer's dependents or the consumer's household participates in one of the following Tribal-specific federal assistance programs: Bureau of Indian Affairs general assistance; Tribally administered Temporary Assistance for Needy Families; Head Start (only those households meeting its income qualifying standard); or the Food Distribution Program on Indian Reservations.

Pre-Paid Only. TruConnect offers Lifeline-supported wireless service on a pre-paid basis only in order to meet the program's Toll Limitation/Toll Blocking requirements. Toll Limitation limits a subscriber's ability to accrue toll charges for ancillary services, including but not limited to long distance/international calling, operator services and/or directory assistance, and Toll Blocking limits outbound calls once call volume thresholds have been reached. As a result of these service restrictions, your Lifeline-supported service will not be cancelled or disconnected for toll charges, however your access to such ancillary services as described above may be limited. Your prepaid Lifeline wireless service will renew every calendar month based on your billing cycle for as long as you remain eligible for Lifeline and continue to regularly use your service. **YOU MUST USE THE SERVICE TO MAKE OR RECEIVE A VOICE CALL AT LEAST ONCE PER MONTH IN ORDER FOR YOUR LIFELINE SERVICE TO REMAIN ACTIVE.** Additional services and features, including top-up

minutes, text only packages and/or data services may be available for purchase and use with your Lifeline-supported service. TruConnect's Schedule of Rates and Charges includes more information about Lifeline-supported service features and ancillary products and services available for purchase from TruConnect.

Limited Coverage Areas. TruConnect does not and cannot guarantee that service is available in the coverage areas at all times and under all circumstances. Coverage is subject to change without notice. Service coverage depends on numerous factors that are outside the control of TruConnect. Service may vary due to circumstances beyond our control, including but not limited to weather conditions and signal strength. Services that rely on location information, such as E911, are dependent on your handset acquiring satellite signals and network coverage. Your handset will not work if wireless towers and related equipment lose commercial power and does not have back-up power and/or your handset is not charged. While your handset is receiving a software update, you may be unable to use your handset until the update is completed.

E911. As part of Lifeline service, TruConnect provides access to 911/E911 emergency services in compliance with state and federal regulations. TruConnect wireless handsets are compliant with 911/E911 standards to access emergency service networks, which means that you will have access to 911/E911 emergency services even when your account is out of minutes or is suspended or disconnected. It is important to understand that when you are outside of a wireless coverage area, you will not have access to 911/E911 emergency services. Please note that traditional wireline service does not always have the same functional access to 911/E911 emergency services as wireless service when there is not an active wireline account at a residence, so removing your wireless cell phone from a residence that does not have active wireline phone service may result in an inability to make 911 calls from that location during an emergency. **Handsets.** When you subscribe to TruConnect's Lifeline-supported wireless service, you will receive a free handset. Handset models are subject to availability and may vary. Free handsets provided may be pre-owned and as such may be sold "as is" without any warranty. You may utilize this handset or purchase or use any other handset that is compatible with TruConnect's network.

Additional Charges and Services. While you will receive a monthly discount on your Lifeline-supported service, you are responsible for any monthly service fees not covered by the discount and any other charges on services you use, including but not limited to any applicable usage charges. TruConnect's Lifeline-supported service includes text messaging, and text messages decrement voice minutes available for use on a 1:1 basis for each text message either sent or received. TruConnect will send you free text message alerts related to your Lifeline-supported service and/or promotional offerings which may be available to you from time to time. Text messages from TruConnect do not decrement the available minutes of use associated with your Lifeline service.

Termination. If at any time your Lifeline-supported service is terminated, you will be automatically subject to the retail rates that TruConnect charges for the same or similar plan. Service purchased on a pre-paid basis is not subject to early termination fees, however, pre-paid fees will not be refunded.

TruConnect Lifeline Wireless Service Addendum Important Terms and Disclosures

Lifeline Program Disclosures: The free wireless service plan offered by TruConnect is a Lifeline-supported service. The Lifeline Program is a government program that subsidizes telecommunications services from eligible providers for the benefit of low income consumers. The Lifeline benefit is applicable only once per month on a single line of telecommunications service and is not available for the purchase of top-up minutes, ancillary services or equipment. The free handset provided in conjunction with TruConnect's Lifeline-supported service is provided solely at the expense and discretion of TruConnect. Only eligible consumers may enroll in the Lifeline program, and proof of eligibility is required. Only one Lifeline benefit is available per household, and may be applied either to wireless service or wireline service, but not both. If you are already receiving the Lifeline benefit through another carrier, you will be required to either transfer your Lifeline benefit to TruConnect during the application process or cancel your Lifeline-supported service with your current provider in advance of applying for Lifeline-supported service with TruConnect. The Lifeline benefit is not transferrable and subscribers are required to recertify as to their continued eligibility on at least an annual basis. Consumers who willfully make false statements in order to obtain the Lifeline benefit or multiple Lifeline benefits may be punished by fine or imprisonment or may be barred from the program. Additional program requirements are applicable and certain restrictions and limitations may apply. Please visit our website at www.truconnect.com for additional information on Lifeline program requirements and benefits, and TruConnect's Lifeline service offerings.

Pre-Paid Only. TruConnect offers Lifeline-supported wireless service on a pre-paid basis only in order to meet the program's Toll Limitation/Toll Blocking requirements. Toll Limitation limits a subscriber's ability to accrue toll charges for ancillary services, including but not limited to long distance/ international calling, operator services and/or directory assistance, and Toll Blocking limits outbound calls once call volume thresholds have been reached. As a result of these service restrictions, your Lifeline-supported service will not be cancelled or disconnected for toll charges, however your access to such ancillary services as described above may be limited. Your prepaid Lifeline wireless service will renew every calendar month based on your billing cycle for as long as you remain eligible for Lifeline and continue to regularly use your service. **YOU MUST USE THE SERVICE TO MAKE OR RECEIVE A VOICE CALL AT LEAST ONCE PER MONTH IN ORDER FOR YOUR LIFELINE SERVICE TO REMAIN ACTIVE.** Additional services and features, including top-up minutes, text only packages and/or data services may be available for purchase and use with your Lifeline-supported service. TruConnect's Schedule of Rates and Charges includes more information about Lifeline-supported service features and ancillary products and services available for purchase from TruConnect.

Limited Coverage Areas. TruConnect does not and cannot guarantee that service is available in the coverage areas at all times and under all circumstances. Coverage is subject to change without notice. Service coverage depends on numerous factors that are outside the control of TruConnect. Service may vary due to circumstances beyond our control, including but not limited to weather conditions and signal strength. Services that rely on location information, such as E911, are dependent on your handset acquiring satellite signals and network coverage. Your handset will not work if wireless towers and related equipment lose commercial power and does not have back-up power and/or your handset is not charged. While your handset is receiving a software update, you may be unable to use your handset until the update is completed.

E911. As part of Lifeline service, TruConnect provides access to 911/E911 emergency services in compliance with state and federal regulations. TruConnect wireless handsets are compliant with 911/E911 standards to access emergency service networks, which means that you will have access to 911/E911 emergency services even when your account is out of minutes or is suspended or disconnected. It is important to understand that when you are outside of a wireless coverage area, you will not have access to 911/E911 emergency services. Please note that traditional wireline service does not always have the same functional access to 911/E911 emergency services as wireless service when there is not an active wireline account at a residence, so removing your wireless cell phone from a residence that does not have active wireline phone service may result in an inability to make 911 calls from that location during an emergency.

Handsets. When you subscribe to TruConnect's Lifeline-supported wireless service, you will receive a free handset. Handset models are subject to availability and may vary. Free handsets provided may be pre-owned and as such may be sold "as is" without any warranty. You may utilize this handset or purchase or use any other handset that is compatible with TruConnect's network.

Additional Charges and Services. While you will receive a monthly discount on your Lifeline-supported service, you are responsible for any monthly service fees not covered by the discount and any other charges on services you use, including but not limited to any applicable usage charges. TruConnect's Lifeline-supported service includes text messaging, and text messages decrement voice minutes available for use on a 1:1 basis for each text message either sent or received. TruConnect will send you free text message alerts related to your Lifeline-supported service and/or promotional offerings which may be available to you from time to time. Text messages from TruConnect do not decrement the available minutes of use associated with your Lifeline service.

Termination. If at any time your Lifeline-supported service is terminated, you will be automatically subject to the retail rates that TruConnect charges for the same or similar plan. Service purchased on a pre-paid basis is not subject to early termination fees, however, pre-paid fees will not be refunded.
